※ The contents of this booklet is based on the reports given by Rev. Sun Jo Hwang during *Hoondokhwe* sessions in Cheon Jeong Gung and Blue Sea Garden on June 24th and 25th of the first year of the Heavenly Era by Heavenly Calendar (August 4-5, 2010). This booklet has been made with hopes that, through it, we can share our mission together with an understanding of the providential significance of this era.

Preface

All kinds of happenings are taking place every day in history. Some countries meet with destruction, wars break out from time to time, and natural calamities assail us. Incidents, big and small, occur incessantly and repeatedly. Such being the case, what could be said to be the biggest event in human history?

In the year 2009, anthropologists across the world came together to find out which event had had the greatest influence since the onset of human history and publicized their findings. According to their research, of the twenty events and figures that influenced humankind the most, the birth and life of Jesus was ranked in first place.

Jesus came to earth and lived here for 33 years, three years of which were devoted to leading a public life. During this short period of three years, he was active in only the small nation of Israel, and what is more, his work was mostly confined to a very small area centered on Galilee. And in the last moments, when he walked down the road with the cross, only one woman remained beside him. Though he had made three thousand people repent of their sins, they had all disappeared. He had had twelve disciples, but they too had all run away. When he was suffering on the cross, the only person who stood by him was Mary Magdalene.

[See John 19:25-26: "Near the cross of Jesus stood his

mother, his mother's sister, Mary the wife of Clopas, and Mary Magdalene. When Jesus saw his mother there, and the disciple whom he loved standing nearby, he said to her, 'Woman, here is your son.'"]

Such was the life of Jesus, and in the end, he had only succeeded in witnessing to just one person. Taking this into consideration, we cannot but wonder: how did the life of Jesus become the most influential event in human history? It is because Jesus was the Messiah, who walked the path of the Providence.

The life of the Messiah has an eternal value because it presents to us God's Ideal of Creation and Providence of Salvation as well as the ultimate path we as human beings need to follow. God declares to us that He exists, although in an incorporeal form, and also what His Will is, revealed through the created world, our history, and the life of the Messiah.*

We can know the manifestation of God in the created world through the Principle of Creation of Divine Principle. We understand the Will of God represented in history through the Principle of Restoration. And, throughout the Divine Principle, we come to understand the profound world of *Shim-Jung* (deepest feelings of the heart) of God.

True Parents, who are the embodiments and the substantiation of the incorporeal God, have led unique lives as the ancestors of goodness and the perfectors of the Providence. Therefore, the life of True Parents is the path that leads to the

completion of the Providence; thus, their accomplishments have an eternal providential value, transcending history itself.

The year 2010 is a very special year from the viewpoint of providential history. It marks the tenth year of *Cheon Il Guk*, the ninetieth anniversary of the birth of True Father, and the fiftieth anniversary of the Holy Wedding of True Parents, as well as the beginning of the first year of the Heavenly Era

* God's revelations answer the question, "How can we know God?" According to Christian theology, His revelations are usually given in three ways:

First, all created things are revelations from God. Based on Romans 1:19-20, "Since what may be known about God is plain to them, because God has made it plain to them. For since the creation of the world God's invisible qualities – his eternal power and divine nature – have been clearly seen, being understood from what has been made, so that men are without excuse", all created things in the world are considered to be the manifestations of God's revelations.

Second, the Providence is a revelation from God. The history of the Providence, which is the history led by God Himself, is based on His revelations. In other words, all events and figures recorded in the Bible display the revelations of God.

Third, God gives special revelations through the Messiah. Hebrews 1:1-2 tells us, "In the past God spoke to our forefathers through the prophets at many times and in various ways, but in these last days he has spoken to us by his Son, whom he appointed heir of all things, and through whom he made the universe." Though in the past God gave revelations through parables and symbols, in the Last Days He will give us revelations in clear words through His Son, after he has established everything.

In the year 2010, in which the Providence was brought to completion and a New Era begun, True Parents made the historical 'Proclamation of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind'.

and the Era of Heavenly Calendar. In short, it is a historical year in which the old era is brought to an end and a new era is begun. In this significant year, True Parents have made the 'Proclamation of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind'.

In the early morning of June 24 by the Heavenly Calendar (August 4), and before coming down to the *Hoondokhwe* session, True Parents wrote the calligraphy for the 'Proclamation of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind'. The *Hoondokhwe* session held on that day was the first session held in Korea after the arrival of True Parents from holding the 'Proclamation Rally of the Substantial Word that firmly establishes the

True Parents of Heaven, Earth, and Humankind' in the USA. Usually, True Parents write calligraphies on New Year's Day or days of special significance, but that day was neither a Church holiday nor a day of special celebration. And yet True Parents wrote the calligraphy with sincerity, enlightening us about the importance of this rally and its providential significance.

Living in this providential era, we need to completely inherit the important significance of this historical Rally. To this end, this booklet has been prepared to present clearly the providential significance of 2010, the meaning of the rally and the attitude we should develop at this time in history.

I. Providential Significance of 2010

True Parents have traveled around the world their whole lives and achieved incomparable providential accomplishments. In the year 2010, True Father celebrated his ninetieth birthday. Moreover, 2010 also marks the fiftieth anniversary of their setting out on the 'Path of True Parents'. The fiftieth year is the Year of Jubilee*, in which everything is returned to its original place. Furthermore, the year 2010 is also the tenth year of *Cheon Il Guk* and the first year of the Heavenly Era. And now we are three years away from celebrating the Day of New Beginning on January 13, 2013. Such is the important providential significance of the year 2010.

To know the precise meaning of the 'Proclamation of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind', we first need to look into the providential events that have taken place in 2010: the proclamation of the Era of Heavenly Calendar made by True Parents; the finalization of the eight textbooks and teaching materials of the Word; the Peace Leaders' Memorial Festival of Ascension and Unity; the Coronation Ceremony for the Settlement of the Abel UN; and the Golden Wedding Ceremony.

First and foremost, on January 1, 2010 by the Heavenly Calendar (February 14) True Parents proclaimed the Era of Heavenly Calendar. The birth of Jesus became the beginning

* The Year of Jubilee refers to the year of grace and liberty, which is declared every fifty years in Israel. Every seventh year is the Sabbath year, and since seven times seven is forty-nine, the year after the seventh Sabbath year is the fiftieth year and the Year of Jubilee.

In the book of Leviticus in the Old Testament is recorded the following: "Count off seven Sabbaths of years – seven times seven years – so that the seven Sabbaths of years amount to a period of forty-nine years. Then have the trumpet sounded everywhere on the tenth day of the seventh month; on the Day of Atonement sound the trumpet throughout your land. Consecrate the fiftieth year and proclaim liberty throughout the land to all its inhabitants. It shall be jubilee for you; each one of you is to return to his family property and each to his own clan." (Lev. 25:8-10)

In the Year of Jubilee, all Israelite slaves were liberated, no matter who their owners were. In addition, the debts of the poor were pardoned and those who were forced to sell the property of their ancestors due to poverty were given them back.

This was done to build a society of freedom and equality by preventing the infinite expansion of one's ownership of land and prohibiting exploitation of heavy debts and labor. As can be seen, the Year of Jubilee signifies the year of liberty, especially in regard to finance, in which the land taken by others were given back and debts owed were pardoned.

point of the common era, sometimes called A.D. or *anno domini*.^{*} This change however, was only finalized hundreds of years after his birth. Before that, historical dates were often measured from the coronation of an emperor, but through the indefatigable efforts of the Pope and Christian leaders, the birth of Jesus was adopted as the new beginning point of human history.

There is a similar background for the declaration of the Heavenly Calendar. Providentially, we have passed through the Old Testament Age, the New Testament Age, and the Completed Testament Age; now we have ushered in the tenth year of *Cheon Il Guk*. During his ninety years on this earth, True Father has following only the path of the providence, and True Father and True Mother have walked the course of True Parents for fifty years. On such a providential foundation the proclamation of the era of heavenly calendar was made.

Second, at the morning *Hoondokhwe* session of February 7, True Parents finalized and dedicated the eight textbooks and teaching materials of the Word. Then on January 6 by the Heavenly Calendar (February 19), they officially declared and bequeathed these sacred texts through their speech given at the luncheon celebrations for the ninetieth birthday of True Father.

This is truly a very important providential event. The birth of Jesus was the most influential event for humankind since the beginning of history, but there is no written record of the

At the morning *Hoondokhwe* session on February 7, 2010, True Parents finalized and dedicated the 8 textbooks and teaching materials of the Word. Afterwards, on January 6th by the Heavenly Calendar (February 19th), they officially declared this before the world and bequeathed them through their speech given at the luncheon celebrations for the ninetieth birthday of True Father.

* In calculating the dominical year, the year of the birth of Jesus was counted as the first year, and it has become the universal standard in the world of today. B.C. stands for 'before Christ', referring to the time before the birth of Jesus, and A.D. stands for *Anno Domini*, the year of the Lord.

The person who first devised this way of reckoning the years in 525 was Dionysius Exiguus, who was a Roman monk from Scythia. At the time, Rome reckoned the years based on the coronation of Emperor Diocletian. Dionysius, discontented about using the Diocletian years because he persecuted Christians, invented the *Anno Domini* era, which begins from the year of the birth of Jesus, in the process of calculating the dates for the Easter Table.

However, according to more recent studies, the actual birth year of Jesus is estimated to be before 4 B.C., not A.D. 1. The *Anno Domini* era of Dionysius was universalized only after it was used by Bede, a famous Christian historian, to date the events in his book, *Ecclesiastical History of the English People*. In Korea, the *Anno Domini* era replaced the Dangun Era as the official era name on January 1st 1962.

words he spoke during his lifetime. The scattered records were compiled into the New Testament in the year 382.* The Bible has sold more copies than any other book in human history, but the Bible as we know it today was finalized many years after the death of Jesus. In contrast, True Parents have come down to earth and given us the eternal Word of Truth in the course of their lives, which will be handed down to our coming generations. Moreover, they have completed and finalized the textbooks and teaching materials of the Word to be given to humankind during their own lifetime.

Third, through the 'Peace Leaders' Memorial Festival of Ascension and Unity' held from last March to May, True Parents blessed and bequeathed the rites of the *Seung-Hwa* Ceremony. Human beings come into being, grow up, get married, perfect their love, and establish the four-position foundation. After going through this process, they pass on into the spirit world as perfected beings of love. The final stage is the *Seung-Hwa* Ceremony. True Parents bequeathed the *Seung-Hwa* Ceremony to humankind in 2010.

Fourth, on March 16 by the Heavenly Calendar (April 29) at Cheon Jeong Gung in Korea, and on March 26 by the Heavenly Calendar (May 9) at Las Vegas in the USA, the 'Coronation Ceremony' and 'Golden Wedding Ceremony' of True Parents took place on the foundation of the settlement of the "Abel UN".

As is well known, True Parents went through the Holy Wedding Ceremony three times. To begin with, Father and

Through the 'Peace Leaders' Memorial Festival of Ascension and Unity' held from last March to May, True Parents blessed and bequeathed the *Seung-Hwa* Ceremony to humankind.

* The Old Testament is a collection of records made by the prophets of God in the thousand or so years from 1500 to 430 B.C. In regard to the New Testament, scholars are still in dispute as to when they were recorded, but since the book of Revelations was completed in AD 95-96, it is presumed that the New Testament was recorded in the decades before that.

At the Council of Rome held in 382, the Catholic Church finalized 73 as the Biblical canon and proclaimed that only the 46 books of the Old Testament and the 27 books of the New Testament were to be recognized as the Bible. At the Council of Carthage in 397, the 27 books of the New Testament were finalized as the canonized books.

However, disputes on the canonical books continued until 1546, when, at the Council of Trent, the Apocrypha was canonized officially as the Deuterocanonical books, and the Protocanonical books (39 books in Hebrew) and the Deuterocanonical books (7 books in Greek) of the Old Testament and the 27 books of the New Testament were finalized as the 73 books of the Bible.

The Protestants rebelled against this decision, and as a result, at the 1647 Westminster Assembly of Divines, the 66 books were finalized as the Bible and the Deuterocanonical books known as the Apocrypha, which are not found in the Hebrew Bible, are no longer used by Protestants.

Mother embarked on the path of True Parents through the 'Holy Wedding Ceremony of True Parents' held on March 16, 1960 by the lunar calendar (April 11). Since then, they have followed the course of True Parents, and forty years later their efforts were brought to fruition on January 13, 2001 through the dedication of the Coronation Ceremony of the Kingship of God. On January 6, 2003 by the lunar calendar (February 6), which marked the sixtieth birthday of True Mother, the 'Holy Marriage Blessing Ceremony Opening the Gates of *Cheon Il Guk*' took place under the Kingship of God. By establishing the Kingship of God and participating in the Holy Wedding Ceremony again, they opened the gates of *Cheon Il Guk*. Lastly, True Parents participated in their Holy Wedding Ceremony once again on March 16, 2010 by the Heavenly Calendar (April 29), which was also their Golden Wedding Ceremony. This signifies that the gates of *Cheon Il Guk* have been opened completely and brought to a point of settlement.

At the same time, the Coronation Ceremony also took place on the foundation of the settlement of the "Abel UN". Until now, coronation ceremonies have taken place on the levels of the family, tribe, nation, the first, second and third Israel, and the world. In 2009 True Parents held the 'Coronation Ceremony in the Liberated Realm of God the King of Kings' and became the King of Kings as the substantial embodiments of God. And in the following year, the Coronation Ceremony on the foundation of the settlement of the "Abel UN" took place;

through this they declared themselves before the world.

On these providential foundations, True Parents hosted the 'Proclamation Rally of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind'. The 'Proclamation Rally of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind' was held on May 27 by the Heavenly Calendar (July 8) in Korea, the third Israel, and on June 13 by the Heavenly Calendar (July 24) in USA, the second Israel. After that, on July 14 by the Heavenly Calendar (August 23), International President Hyung Jin Moon conducted the 'Proclamation Rally of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind' in Israel, the first Israel, on behalf of True Parents.

II. Meaning of the Proclamation of 'The Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind'

To know the meaning of the 'Proclamation of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind', we first need to know the meaning of 'True Parents of Heaven, Earth, and Humankind', 'Firm Establishment', and the 'Substantial Word'. Only when we have grasped the providential significance of each of these three key words can we fully comprehend the 'Proclamation of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind'

A. Meaning of 'True Parents of Heaven, Earth, and Humankind'

In the *Hoondok* Room of Cheon Jeong Gung, the calligraphy of the 'Realm of Cosmic Sabbath of the Parents of Heaven and Earth' was hanging on the wall until it was recently replaced by the calligraphy of the 'Proclamation of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind'. The former was written by True Father in commemoration of *Chil Pal Jeol* on July 7, 1997 by the lunar calendar (August 9). At the time, the term 'Parents of Heaven and Earth' was first used in the providential context. Then

Just as the various names used to address one's father, such as 'Daddy', 'Dad', or 'Father', all refer to the same person but convey a different feeling, the names used to address God have also evolved with the progress of the Providence.

on October 1, 2003 by the lunar calendar (October 25), which marked the 44th anniversary of True Children's Day, True Father proclaimed the 'Parents of Heaven, Earth and Humankind'.

Usually, when we address our father, we use various names like 'Daddy', 'Dad', or 'Father'. Although these names all refer to the same person, the feeling they convey is different. Even in the Bible, a variety of names are used to address God, including *Yahweh*, *Elohim* and *Jehovah*, *Eloi*, and Lord.* Jesus addressed God as 'Father.' This familiarity towards God is said by some to be one of the main reasons why the Jewish leadership persecuted him, even though God often reveals Himself as a Father in the Old Testament. See Exodus 4:22, Deuteronomy 32:6, Isaiah 63:16, Isaiah 64:8, Hosea 11:1, Malachi 2:10, etc.

* The names of God

1. The names of God in the Old Testament Age

Various names are used in the Old Testament to refer to God. This is because a diverse number of people in history referred to the names of God. Among the 19 names recorded in the Old Testament, seven names appear more than others.

- ① *EI*: Refers to His majesty and authority as the Great Lord of the universe
- ② *Elohim*: The Almighty Creator, the Object of Awe (Gen 1:1, 2:4)
- ③ *Elyon*: The Most High God
- ④ *Adonai*: The Lord, the Almighty Ruler and the Possessor of Love
- ⑤ *Shaddai*: God Almighty, the Source of Happiness and Solace (Exodus 6:3)
- ⑥ *Jehovah (Yahweh)*: The name used to refer to God as the God of Grace to the Israelites, recognized as the most divine and distinguished name of God, also incorporates the invariability of the relationship between God and His people (Leviticus 24:15)
- ⑦ *Tzevaot/sabaoth*: Jehovah of all peoples, the Owner, the King of Glory

Other names used to refer to God include: *EI-Elyon, EI-Olam, EI-Kanna, Jehovah-Nissi, Jehovah-Shalom, Jehovah-Rapha, Jehovah-Tsidkenu, Jehovah-Rohi, Jehovah-Shammah, Jehovah-Elyon, Jehovah-Maccaddeshem, Jehovah-Osenu, Jehovah-Tsur, Jehovah-Melek, and Jehovah-Kadesh.*

2. The names of God in the New Testament Age

The names used in the New Testament have three meanings: 'God, the Lord, and Father'.

- ① *Theos*: This is the Greek translation of the names used in the Old Testament, namely '*EI*', '*Elohim*' and '*Elyon*', but it signifies that God is closer to human beings than His depictions make Him out to be in the Old Testament
- ② *Kurios*: The Hebrews, instead of calling God '*Yahweh*', used the name '*Adonai*' meaning 'The Lord', which was translated into Greek as '*Kurios*'.
- ③ *Pateras*: Means the Father of Life (John 15:9, 16:32, 17:1)

Just as there are different meanings for all the names used to refer to God in the Old Testament and the New Testament, the term 'True Parents of Heaven, Earth and Humankind' also has a different meaning from the terms we have used before, namely 'True Parents' and 'Parents of Heaven and Earth'. According to the progress of the Providence, the position of True Parents has changed time and time again, and consequently their title has also changed. Therefore, the term 'True Parents of Heaven, Earth and Humankind' is not just a theological or dogmatic term but rather a providential one that clearly shows the current position of God and True Parents, who are the parents of humankind.

1) The Path of True Parents

True Parents have walked the path of the Messiah. Who is the Messiah? He is the person born without original sin. True Father was born without original sin. The restoration of lineage has progressed based on the foundation of devotion offered during 2,000 years of human history. In the speech given in 1996 entitled 'View of the Principle of the Providential History of Salvation', True Parents told us, "The Lord of the Second Advent comes to perfect the foundation of God's Providence of Restoration left uncompleted by Jesus. That is to say, he comes as the seed of the original True Child to complete the Ideal of Creation. He comes to complete the ideal of True Parents, who are the origin of the True Love, True Life, and the True

Lineage of God. He comes on the victorious foundation of the fundamental providence of God's side up to the time of Jesus. He also stands upon the victorious foundation of Jesus' life and he finds the bride that Jesus could not find. Together they become the True Parents to save all humankind."

True Father was born without original sin on January 6, 1920 by the lunar calendar, and embarked on the path of the Providence of God on April 17, 1935, which was the Easter day of his sixteenth year. Since then, he discovered and established the *Divine Principle*, which he proclaimed in 1945, the year of the liberation of Korea. He has continued to walk the providential path as the Messiah, the Savior, and the Lord of the Second Coming.

For 14 years after Korea became independent, True Father followed the path of the Messiah strewn with hardships and sufferings, and after he was wedded to True Mother in 1960, they began to follow the course of 'True Parents'. True Parents at the time were not True Parents on the perfected level. The course of True Parents began at the perfection stage of the growth period in the Providence of God and passed through the perfection period. In terms of human history, it was the beginning of the Completed Testament Age.

Following such a course of suffering and hardship, it was not easy for them to officially publicize the title of True Parents and proclaim the Word. Until the 1980s, True Parents have had to walk the path of sacrifice in silence as the Abel figures for

the restoration of the Elder-Sonship.

The failure to fulfill the Providence right after the independence of Korea in 1945 brought about the 40-year course in the wilderness, which came to an end on August 16, 1985, which was later named *Il Seung Il* (Day of Total Victory). After that, True Father was imprisoned for the sixth time in his life and made to walk the path of Golgotha on the world level through his sufferings in Danbury, Connecticut. On the victorious foundation he established, the second generations of the Abel realm and the Cain realm on the worldwide level, from both Eastern and Western nations, participated in the Seoul Olympics and united as one. Based on this, the Providential

True Parents held the 'Welcoming Rally for True Parents' publicly for the first time in 1990 and used the terms 'Parents of Heaven and Earth' and 'Settlement of the Kingship' for the first time. On this foundation, the Moscow International Rally was held in the Soviet Union in April, in which Godism was successfully declared before the entire world on Communist soil.

Transition Ceremony of Unity was held on September 27, 1988.

In this way the Elder-Sonship of the vertical standard was restored, on the foundation of which True Parents established the position of Parentship. On October 3, 1988, they proclaimed the Foundation Day for the Nation of the Unified World. Thereafter, in 1989 they declared on August 20 the Providential Age of Salvation by Love, on August 31 the Day of the Settlement of Eight Stages, and, on September 1 the Declaration Day of Heavenly Parentism. In short, at the end of the eight stages in the course of the Providence, True Parentism based on true love could finally be proclaimed.

Thirty years after the Holy Wedding ceremony of True Parents, the 'Welcoming Rally for True Parents' was publicly held for the first time in providential history in February of 1990, which marked the seventieth anniversary of True Father's birth. And on February 27, 1990, True Parents declared the 'Settlement of the Kingship of the Parents of Heaven and Earth'; this was the first time the terms 'Parents of Heaven and Earth' and 'Settlement of the Kingship' were used in a declaration.

On this foundation, the Moscow International Rally was held in the Soviet Union in April, during which Godism was declared before the entire world on Communist soil. When they returned to Korea, the 'Welcoming Rally for the Victorious Return of True Parents' was held in 12 cities. While these victories still remained fresh in everyone's memory, True Parents

visited North Korea and their hometown in November of 1991.

In 1991, True Mother organized the Women's Federation for Peace in Asia, and in April of 1992 she founded the Women's Federation for World Peace. On this foundation, and centering on the Women's Federation for World Peace, the national and worldwide 'Proclamation of True Parents' was made in July 1992. Thus, the Brideship on the world level, which was lost after World War II, was restored and the providential Old Testament and New Testament Ages were brought to an end. Beginning in 1993 the providence of the 'Settlement of True Parents and the Completed Testament Age' unfolded.

2) Meaning of Parents of Heaven and Earth

On July 7, 1997 by the lunar calendar, '*Chil Pal Jeol*' was instituted, marking an epoch in providential history. On this day the 'Realm of Cosmic Sabbath of the Parents of Heaven and Earth' was declared on the victorious foundation of the Blessing of 3.6 million couples. It was a providential victory gained seven years after the 'Proclamation of True Parents' of 1990.

Originally, True Parents instructed that the Blessing of 3.6 million couples was to be completed by November 29, 1997. However, thanks to the tribal restoration movement of 160 couples, the actual date of the completion of the Blessing of 3.6 million couples was April 15, 1997. I can remember this date clearly because as the Korean Chairman, I made the report myself to True Parents in South America. We succeeded in blessing 36

million couples by November 29, 1997 and so on that day a total of 40 million couples were dedicated to God.

In the past, any progress made in the course of the Providence was won by setting a condition of indemnity as a payment to Satan's side; every single thing had to be fought for on the vertical level. However, from that time on we could reap substantial fruits from the horizontal foundation. In particular, since 1992 the Blessing was carried out in three stages on the worldwide level, through which True Parents were able to harvest the actual fruits of the successful 40 years of providential history. Through the Blessing of 30,000 couples the 'Elder-Sonship' was restored from Satan's side, and through the Blessing of 360,000 couples 'Parentship' was restored. And finally, through the completion of the Blessing of 3.6 million couples, the lost 'Kingship' was restored by True Parents

Through the successful Blessing of 30,000 couples, the 'Elder-Sonship' was restored from Satan's side, and through the Blessing of 360,000 couples, the 'Parentship' was restored. And finally, through the completion of the Blessing of 3.6 million couples, the lost 'Kingship' was restored by True Parents.

Consequently, many providential changes were brought about after the victory of the Blessing of 3.6 million couples. On the day after the declaration of *Chil Pal Jeol*, which was August 10, 1997, Korean was declared the universal language, and on September 1 the beginning of a new era and the institution of the Completed Testament was declared. This was followed by the declaration of the beginning of the Era of the Realm of the Fourth Adam on September 11, and on October 13 the tradition of *Hoondokhwe* began. Furthermore, on September 14, 1999, the transition was made from the age of praying in True Parents' name to the age of praying in one's own name. All this was made possible because True Parents had restored the Elder-Sonship, Parentship, and Kingship from Satan based on the completion of the Blessing of the 3.6 million couples.

As you may know, in the past all Blessed couples had to do a 7-day fast, witness to three spiritual children, and work three years for the Church as an indemnity condition to receive the Blessing. In other words, to receive the Blessing they had to establish the foundation of faith and the foundation of substance. The foundation of faith refers to the 7-day fast before receiving the Blessing to set the condition of separation from Satan. The foundation of substance was the offering of a substantial sacrifice, i.e. bringing people representing Cain to submission through witnessing and making them into one's spiritual children. Only when people had fulfilled these providential conditions were they allowed to receive the Blessing. In the

case of the previously married couples, they had to go through a period of holy separation for seven years.

However, beginning with the Blessing of 3.6 million couples, True Parents allowed even those who had not set those conditions to receive the Blessing. The previously married couples were allowed to receive the Blessing even if they didn't go through the 7-year period of holy separation. This was because True Parents had restored the Elder-Sonship, Parentship, and Kingship from Satan based on the completion of the Blessing of the 3.6 million couples. In short, through the completion of the 3.6 million couples Blessing, Satan had no grounds for making accusations. All this was made possible through the grace of True Parents.

On the foundation of the victorious completion of the 3.6 million couples Blessing, True Parents also opened the gates to the spirit world. Right after the Blessing Ceremony of 40 million couples, in the evening of December 1, 1999, True Parents pronounced a benediction on *Hoon Mo Nim*, thereby declaring the opening of the gates to the spirit world. The Blessing of ancestors was begun from that moment.

Because True Parents laid down the substantial foundation on this earth and thereby won over the victorious realm of the spirit world, Satan was brought to submission, and through this process, the title of True Parents was elevated to the Parents of Heaven and Earth. Now they were no longer the True Parents of earth only; by taking away Satan's dominion over the spirit world, they became the Parents of Heaven and Earth. On that foundation, the 'Declaration of the Realm of Cosmic Sabbath of the Parents of Heaven and Earth' was made in 1997. After that, the foundation of the victorious fulfillment of the providence was finally completed on earth in the year 2000, through the 80 years of the providential path and the 40 years of the path of True Parents.

3) Meaning of True Parents of Heaven, Earth and Humankind

On January 13, 2001 the Coronation Ceremony of the Kingship of God was finally held, and God was thus liberated. Since then, True Parents have continued to expand their predominance in the Providence through the proclamation of

On the foundation of having liberated God through the Coronation Ceremony of the Kingship of God on January 13, 2001, the proclamation of 'True Parents of Heaven, Earth and Humankind' was made on October 25, 2003. God was finally free to regain His prestige as the Creator and the Parent connected to humankind in a relationship of parent and children.

the King and Queen of Blessed Families (2003), the Parents of Heaven, Earth and Humankind (2003), the King and Queen of Peace (2006), and the Coronation Ceremony of the King of Kings (2009). A new providential age centered on the Kingship of God commenced, and together with the foundation of the settlement of a new order, as originally planned at the time of the creation, the proclamation of the 'True Parents of Heaven, Earth and Humankind' was made. In other words, a new historical era began in which the Kingship of God could finally become a reality on this earth. God was finally free to regain His prestige as the Creator and the Parent connected to humankind in a relationship of parent and children.

The term 'True Parents of Heaven, Earth and Humankind'

incorporates the most fundamental rules of God and True Parents. God is the True Parent of everything, including the spiritual world and the physical world, and of Heaven, Earth and Humankind. Not only is He our Creator, but He is also our Parent with a substantial Kingship on this earth. The term 'True Parents of Heaven, Earth and Humankind' refers to the fact that the essence of God has been embodied on this earth in the form of True Parents.* As can be seen, the term

* Even in Christian theology, the idea that we can meet God only through Jesus appeared after World War I and World War II. In particular, Dietrich Bonhoeffer asserted that, in order for Christianity to survive in the era of atheism where people no longer needed God, Christians needed to find the essence of their faith through the Christ in real life and not cling to God existing beyond the world.

Moreover, rather than taking the traditional view of God as the Transcendent Being, he emphasized that God existed in human form, who was the Christ, the human being existing for others, and that Jesus was a historical figure. He placed emphasis on the "Era of Atheism" and said that, since the modern humanity lived in non-divinity and resolved all problems by themselves based on science, reason, and independence, the metaphysical concepts of God's transcendence and the like no longer held meaning for them. His idea was that human beings can understand God only through the life of Jesus, who died on the cross, and that the essence of Christian faith lay in following the life of Christ as his disciples and modeling their lives after the life of Jesus and serving others.

As can be seen, Bonhoeffer tried to present the true view of God befitting the changing era through Christ-oriented concepts, and afterwards his ideas had a direct effect on Secularization Theology, the Theology of the Death of God, and Situation Ethics.

As is observed, the biggest characteristic of the Protestant theologies of the late 20th century is that emphasis has shifted from God to humankind, from heaven to earth, and from doctrine to practice.

'True Parents of Heaven, Earth and Humankind' did not come about all by itself; rather, it is the fruit reaped on the foundation of providential victory. The foundation for the Messiah gave way to the path of True Parents, and the foundation for True Parents gave way to the path of the Parents of Heaven and Earth, which in turn gave way to the Parents of Heaven, Earth and Humankind. Finally, the title of the True Parents of Heaven, Earth and Humankind has been established.

B. The Path of 'Firm Establishment'

Meaning and Range of Establishment

The second keyword in the calligraphy of True Parents is 'Firm Establishment'. Establishment refers to the realization of God's Ideal, which is about the unity of the physical and the spiritual body that needs to be established both internally and externally. True Parents did not come to earth to create only a spiritual kingdom, a new religious dimension, or a religious organization. True Parents have come to earth to complete God's Ideal of Creation in the invisible world and the visible world, that is, to make a Peaceful World of the Ideal of Creation without the need for any religion.* In other words, they have come to earth to bring to a completion the long-cherished dream of human history and the Ideal of Creation, which is to make a community wherein all humanity is united as one family under God as their Father. The fact that True Parents have

established themselves as the 'True Parents of Heaven, Earth and Humankind' signifies that they will realize this Ideal.

If 'Establishment' refers to the realization of God's Ideal of Creation on earth, then what is the extent of True Parents' responsibility in bringing about this 'Establishment'? True Parents have responsibility to fulfill their mission as the True Parents of humanity, but it's not their role to complete everything. If True Parents could fulfill everything for us without any conditions, then the term 'portion of human responsibility' would not be found in God's work of creation. We, as human beings, need to fulfill our responsibility, and True Parents, who are one with God, need to fulfill only the responsibility of God. The rest is up to us to complete.

During the registration workshop in 2000, True Parents

* From the viewpoint of the Divine Principle, religion is the process of saving fallen humankind. In other words, in the world where the providence of salvation has been completed and the ideal of creation fulfilled, love and peace are realized not through religious actions but through lives based on the true nature of human beings.

In Chapter 4 Section 1 of the Divine Principle, it is written: "What will people be like once they have been restored as those who have realized the purpose of creation and become perfect as Heavenly Father is perfect? Such people are fully attuned to God and experience God's Heart within their innermost self. They possess a divine nature and live their life with God, inseparable from Him. Moreover, they do not have the original sin, and hence are not in need of redemption or a savior. They do not need to pray arduously or practice a faith, both of which are necessary for fallen people as they seek God."

called me and instructed me to locate a Church elder who had left the Church twenty-some years ago. I made various inquiries about him, but it was difficult since he had been away from the Church for so long. Finally, I brought him before True Parents. Then, surprisingly, Father started conversing with him very casually, almost as if they had only parted the day before. Though he had been away for twenty-some years, Father spoke kindly to him and asked him how he had been and how his marriage was.

The elder said that he had broken up with his wife. Upon hearing that, Father replied sternly: "On no account can you get a divorce from your Blessed spouse. Bring her here and attend the 21-day registration workshop in Cheongpyeong, receive the Blessing again, and begin anew. This is where my responsibilities stop and yours begin." Those were very meaningful words, because they identified the responsibilities of the parents as different from the responsibilities of the children.

True Parents are responsible for Blessing us and nurturing us, thereby guiding us to the path of the Three Great Kingdoms and the Four Great Realms of Heart and helping us to perfect our four-position foundation. When true love is rooted in the family and parents, children, brothers and sisters are all united on that foundation in true love, that family becomes a microcosm of the society and the world and an individual unit in the completion of God's Purpose of Creation. After that, all Blessed families are meant to become true parents, true husband and

wife, and true children, and grow independent of True Parents and expand their family into a new tribe. In short, as each family develops and expands, they enter the era of their own responsibility.

To put it another way, the fruit of the tree of True Parents needs to leave the branches of the tree and grow into trees of their own. Each of us needs to return to our tribe and walk the path of Tribal Messiah, True Parents, and King of Peace. This path is not just for True Parents. True Parents are meant to follow this path for the sake of the spirit world and the physical world, whereas we are meant to follow their model course in their footsteps and fulfill our responsibilities to our tribes.

True Parents take responsibility for us until we have perfected our four-position foundation. That is why True Parents told

True Parents are responsible for Blessing us and nurturing us, thereby guiding us to the path of the Three Great Kingships and the Four Great Realms of Heart, and helping us to perfect our four-position foundation.

that elder mentioned above, "This is where my responsibilities stop." Even though the elder had left the Church after receiving the Blessing and broken the ideal of the Blessing, True Parents could pardon him with their authority of having triumphed over Satan and say to him, "Now you should go your way."

1) Victorious Establishment of Restoration through Indemnity

Jesus opened the way to spiritual salvation through the path of the cross. That path of the cross brought about actual results, even though it was one of suffering and agony. Consider True Parents: how many courses of the cross have they had to walk until they could be established on this earth? What rocky paths have they had to follow? Through what they accomplished, True Parents were finally able to establish themselves on earth.

True Parents brought Satan to submission and established themselves as the True Parents of Heaven, Earth and Humankind. They had to pass through seven stages before they could subjugate Satan and establish their prestige as True Parents. With the development of the Providence, their title has changed from Messiah to True Parents, the Parents of Heaven and Earth, the King and Queen of Blessed Families, the Parents of Heaven, Earth and Humankind, the King and Queen of Peace, and finally the King of Kings. On this foundation, they have been declared 'True Parents of Heaven, Earth and Humankind'.

True Father began his work as the Messiah, and after fol-

Following the course of the Messiah, at age forty he embarked on the path of True Parents, which he and True Mother followed for another forty years. The Holy Wedding Ceremony of True Parents (held on the foundation of the forty-year course of the Messiah) and the Day of the Settlement of Eight Stages and the Declaration Day of Heavenly Parentism (held in 1989 during the 40-year course) were all important turning points in the history of the providence.

In 1990, the 'Welcoming Rally for True Parents' and the 'Declaration of the Settlement of the Kingship of the Parents of Heaven and Earth' took place, beginning the substantialization of the Providence on all fronts. After that, through the completion of the Blessing of 30,000 couples in 1992, 360,000 couples in 1995, and 3.6 million couples in 1997, True Parents restored the Elder-Sonship, Parentship, and Kingship from Satan. Their work was brought to fruition through the 'Declaration of the Realm of Cosmic Sabbath of the Parents of Heaven and Earth', and the door to the Blessing of the spirit world was finally opened.

Just seven years later, in 2003, True Parents restored their title as King and Queen through the victorious establishment of the titles of 'Parents of Heaven, Earth and Humankind' and the 'King and Queen of Peace'. Afterwards they were crowned the King and Queen of Peace in 120 tribes, 120 nations, and 6 continents. Finally they were crowned the King and Queen of World Peace and King and Queen of Cosmic Peace and Unity. This became the substantial foundation for the entrance into

The title of True Parents has also changed from the Messiah to True Parents, the Parents of Heaven and Earth, the King and Queen of Blessed Families, the Parents of Heaven, Earth and Humankind, the King and Queen of Peace, and finally the King of Kings. On this foundation, the title of 'True Parents of Heaven, Earth and Humankind' could finally be declared.

the Cheon Jeong Gung and the Coronation Ceremony in June of 2006. On the ninetieth anniversary of True Father's birth, the Coronation Ceremony of the King of Kings took place in January 2009, and in 2010 they were fully established as the True Parents of Heaven, Earth and Humankind.

This establishment of True Parents signifies that they have separated Satan from providential history, brought Satan to submission, and established the Kingship of God on earth by following the eight-stage vertical and horizontal paths.

2) Establishment of the Word of Truth

Second, True Parents of Heaven, Earth and Humankind were established through the 'Word' of Truth. In the Providence for the Messiah of the Second Coming, the first qualification the Messiah must meet is to find the Word of Truth. God created humankind through His Word. The fall took place when human beings lost the Word, and so the Messiah needs to find the Word again. True Parents have been speaking the Word to us their whole lives, and that Word has finally been established in the form of the eight textbooks and teaching materials.

To find the Word, True Father has had to walk the path stained over and over with his blood, sweat and tears. During the decade from his receiving the calling from God at the age of 16 in 1935 to the beginning of his public life in 1945, he searched incessantly for the Word.

The fall was brought about when human beings lost the Word, and so the Messiah needs to find the Word again. To this end, the Word given us by True Parents has been established in the form of the 8 textbooks and teaching materials.

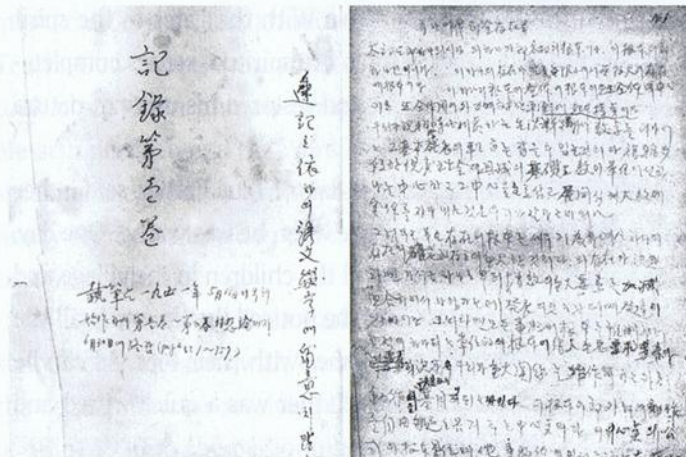

When he was young, True Father learned about original human nature from nature itself. With the gates to the spirit world opened wide, and with his five spiritual senses completely opened, True Father found and restored his original nature during his childhood.

Mrs. Chi Sook Ji, the sister-in-law of True Father, said in her testimony that he lived in nature when he was young. One day, True Father brought together all the children in the village and held a calligraphy contest, and she noticed that he made all the children hold their writing brushes with their toes. As can be seen from this little anecdote, Father was a quick-witted and inventive boy when he was young.

After he received his calling, however, Father didn't speak

about it at all. During the ten years in which he endeavored to discover the Divine Principle, Father kept silent. In his testimony, Mr. Deok Moon Eom sums up his impression of True Father when they were studying abroad in Japan in one word: ‘silent’. When True Father prayed in silence, he was surrounded by an authoritative atmosphere that prevented Mr. Eom from interfering with him, even though they were friends.

Silence! True Father had been searching for the Word in silence. Around the time of Korean independence, he put in order the new Truth he had found during his stay in Japan and wrote a book entitled *Repentance*. He dictated the first draft of the Divine Principle to his disciple Mr. Jeong Hwa Park in Heungnam Prison; it was entitled *Ideal of the Circular Garden of Harmony*. These two books, unfortunately, were

After the books *Repentance* and *Ideal of the Circular Garden of Harmony* were lost, beginning in May 1951, True Father spent a year personally writing the *Divine Principle*.

The first chapter of *Pyeong Hwa Shin Gyeong* was the speech first given on September 12, 2005 at the inauguration of Universal Peace Federation, and was finally declared to be completed and finalized before God a year and two months later, on November 15, 2006.

lost. Afterwards, beginning in May 1951 and continuing for one year, True Father wrote the *Divine Principle*.

The course of searching for the Truth is a rocky path unimaginable by ordinary people. To give an example, I had an opportunity to observe the process of making one of the eight textbooks and teaching materials, *Pyeong Hwa Shin Gyeong* (New Scriptures of Peace). As the Korean Chairman of the time, I was allowed to see that process from beginning to end.

The first chapter of *Pyeong Hwa Shin Gyeong* consists of the speech given on September 12, 2005 at the inauguration of the Universal Peace Federation (UPF, Abel UN) held at the Lincoln Center, New York, USA. This speech, first given in 2005, was declared to be completed and finalized before God a year and two months later, on November 15, 2006.

After giving this speech for the first time in New York, Father toured across 120 cities and gave the same speech again and again. Often, he visited a nation a day to declare the speech. When he set out on the tour Father asked, half to himself, "Will I be able to return to Hannam-dong?" He had declared the speech before the world at the risk of his life. On the day after his victorious arrival in Korea following the successful completion of his tour, Father called all the leaders to Hannam-dong and said, "This speech is my last injunction."

After making the tour at the risk of his life, True Father held a welcoming rally in Korea on December 27, 2005, which was attended by 50,000 people. At the time, True Father gave me instructions that were quite unimaginable. He instructed me to print 150,000 copies of the speech in three different types of covers: the first as a regular speech brochure, the second in leather cover, and the third as a binder book similar to the ones Father uses when giving speeches.

Printing a speech as a binder book takes a lot of time and money. So I asked him, "Couldn't we print the speech on thicker paper instead?" Then Father reprimanded me and said that I should make the book exactly like the one Father uses himself.

To place printed papers inside the vinyl covers of 50,000 binder books cost 50 million won (about \$50,000). In one day, a person working extra hard could produce at most seventy copies of the book. Although it required so much time and money, True Parents told us that we should consider the importance of

the speech. They insisted that it be printed in the three formats of brochure, leather cover and binder book, so that every family can keep a copy of it at home.

That was not all. After the tour of 120 nations, True Father instructed True Mother to tour 180 nations. And so, after holding UPF Rallies for the Restoration of the Homeland in major cities of Korea in March of 2006, True Mother and the True Children went on a tour to 180 cities across the world. Following that, the Blessing Ceremony of three members of the True Family took place on August 28, followed by the rallies of the three generations of the True Family in 480 cities in 40 nations until October 14. Modeled on this victory of the three generations of the True Family, 120 clergymen from the

True Parents instructed that the speech should be printed in three formats, and they valued the Word more than their lives. To finalize a speech, they would sometimes read it over and over more than 2,000 times.

US, the elder son nation, spoke at rallies in 14,400 cities in 120 nations; then 1,200 Ambassadors for Peace from all religions spoke at rallies in 144,000 cities in 120 nations. After that, 12,000 Ambassadors for Peace from numerous nations spoke at rallies in 1.44 million cities in 120 nations.

During this time, True Parents continued to read the speech more than five times a day without exception. In other words, by the time the first chapter of *Pyeong Hwa Shin Gyeong* was completed, True Parents had read the speech more than 2,000 times in the course of a year and two months. Only after undergoing this process did True Father sign the speech with the words 'The First Peace Message Completed' in a small room at an inn in Geomun-do, on November 15, 2006.

The process True Parents went through to complete the *Pyeong Hwa Shin Gyeong* shows us how difficult it must have been for True Parents to complete all eight textbooks and teaching materials. True Parents have walked an unprecedented path that can never be repeated in human history, and have thus finalized the eight textbooks and teaching materials which contain the Word that humankind, nations, and the world should follow, as the eternal assets of humanity. This is how the Word came to be established.

3) Establishment of the Blessing

Third, True Parents have established the 'Blessing' through which all that was lost through the human fall can be restored:

The Blessing didn't come about easily; its history is one in which True Parents have restored the heavenly families from Satan's side, one after another, risking death at every moment.

true love, true life, true lineage, the Three Great Subjects Principle, the Four Great Realms of Heart, and the Three Great Kingships. The Blessing incorporates true love, true life and true lineage, as well as rebirth, resurrection and eternal life. It also encompasses the Three Great Kingships, the Four Great Realms of Heart, and the Three Great Subjects Principle. God's Ideal of Creation is achieved not through one perfected individual but through the most basic unit, the family, which is formed through the Blessing. True Parents have come down to earth and completely established the Blessing.

The Blessing didn't come without a foundation. True Parents restored the heavenly families from Satan's side, one

after the other, risking death at every moment.

The records of the 36 couples Blessing clarify the difficult process of restoring each of those couples. Father restored his children by bringing them to his side from their biological parents. Taking them from these parents, Father brought them into the lineage of True Parents; he personally matched the spouses and gave them the benediction. Thus, he established the tradition of the Blessing.

After completing the nine stages of Blessing 36 couples, 72 couples, 124 couples, 430 couples, 777 couples, 1,800 couples, 6,000 couples, and 6,500 couples, True Parents next blessed 30,000 couples, 360,000 couples, and 3.6 million couples in three stages and through them restored the Elder-Sonship, Parentship and Kingship on the worldwide level; finally, they opened the gates to the Blessing of the spirit world. Thereafter, through the Blessing of the 36 million couples, the 360 million couples and the 400 million couples, the Blessing took place on the cosmic level.

Initially it was the Blessing of true men and women. In view of the Divine Principle, the Blessing of true men and women is the Blessing in the perfection stage of the growth period. This kind of Blessing took place for forty years, from 1960 to 1999, at which time the Blessing of the spirit world became possible.

From the year 2000, a different kind of Blessing appeared, namely the 'Registration Blessing' and the 'Transition of the Three Ages Realm of Oneness Four-Position Foundation

Unification Blessing Ceremony'. These were Blessings of young men and women. From the viewpoint of the Divine Principle, this was not the Blessing at the perfection stage of the growth period, but rather the Blessing of the four-position foundation. The four-position foundation signifies the fulfillment of the Ideal of Creation. In other words, True Parents were Blessing the four-position foundation of the family, which is the most basic unit for fulfilling the Ideal of Creation. The Blessing signifying the perfection of the family is the Registration Blessing.

In 2000, as they made preparations for the Era of the Kingship of God and brought the 80-year Providence of True Parents to a conclusion, True Parents bestowed the grace of the Registration Blessing to humankind to complete the perfection stage of the perfection period, which is the last stage in the

restoration of humankind. On this foundation, True Parents bequeathed to us the 'Three Generations Blessing' through the '10.14 Blessing' of 2009 and opened the way to the Era of the Heavenly Calendar in 2010.

True Parents have come down to earth to restore the Ideal of Creation by restoring God's lineage of goodness, as well as true love, true life and true lineage, through the Blessing. In other words, they are meant to restore the good sovereignty and make a world without boundaries for the citizens of God, all through the Blessing.

Furthermore, True Parents have given us the authority to bless others. As True Parents, they have finished all that they had to do on this earth for the coming generations. This is something

True Parents bequeathed to us the 'Three Generations Blessing' through the '10.14 Blessing' of 2009 and opened the way to the Era of *Cheon Il Guk* in 2010.

that no one had ever achieved. Was there such a thing as the Blessing in the time of Jesus? No saint or sage has accomplished this, either. This authority is given only to True Parents. By building and completing a substantial foundation on earth, True Parents have established the Blessing as a firm tradition.

4) Establishment of the Model Course

Fourth, True Parents have walked the 'Model Course' themselves and thus established it for us to follow. The Principle of Restoration tells us that the Providence is completed through the model course.* Our unique True Father, who came to earth as the third Adam, laid the foundation of subjugating Satan and establishing the Kingship of God as the True Parents.

That is to say, God also follows the path of True Parents. He knows that humanity cannot be liberated unless the model

* Chapter 2 Section 1 of Part II of the Divine Principle tells us: "In the providence of restoration in Isaac's family, Jacob was the central figure who laid the foundation of substance. He secured the position of Abel and labored to bring Satan to submission and fulfill the indemnity condition to remove the fallen nature. Jacob's entire course became the model course for Moses and Jesus. Jesus came to bring Satan to submission in substantial terms. Before Jesus, Moses walked a course for the subjugation of Satan that was the image of the course Jesus would walk. Still earlier, God had Jacob walk a course that was a symbolic representation of Jesus' course. Moreover, Jacob's course is the model for the course which the Israelites and all of humanity must walk to bring Satan to submission and attain the goal of the providence of restoration."

course that all human beings should follow is established on earth. Consequently, without it God Himself could not be fulfilled.

In His messages to True Parents, God told them, 'Thank you'. This is because His throne is established only when True Parents have actually opened the way to liberation on this earth. The liberation of the parents can only be achieved through the children; only when the children are settled down in righteousness can the parents be liberated.

True Parents' providential life course is called the 'Model Course' in Divine Principle terms. From the moment of their birth, True Parents walked the path of the Messiah and have finally been established on earth as True Parents of Heaven, Earth and Humankind. And this is the model course that all human beings should follow.

True Parents were born without original sin and have walked the path of the Messiah, True Parents, the Parents of Heaven and Earth, the Parents of Heaven, Earth and Humankind, the King and Queen of Blessed Families, the King and Queen of Peace, and the King of Kings. We also need to follow that path. The Divine Principle existed before True Parents walked this path, and they have pioneered the model course in accordance with it.

Unlike True Parents, we are born with original sin. Therefore, we need to be reborn through True Parents, that is, through the Blessing. True Parents have blessed us and told us to walk

the path of the 'Tribal Messiah'. In which land, in which theology, and in which guide book have you ever heard of being instructed to walk the path of the Tribal Messiah? True Parents are teaching us and guiding us so fallen humanity can follow the path of the Messiah already pioneered by True Parents.

One cannot just start following the path of the Messiah, however. We first need to complete the Family Church movement. In 1978, only those who had restored 360 Cain families were allowed to become tribal messiahs. In other words, only those who succeeded in the Family Church movement and returned to their homeland accompanied by 360 restored Cain families could become the messiahs of their Abel tribe. This is similar to the time to Jacob, who returned to his homeland in triumph, reconciled with Esau, and became the tribal messiah. Unfortunately, we failed in the Family Church movement of 360 families.

Though we failed to fulfill our responsibilities in the Family Church movement of 1978, True Parents opened another way for us. Through the 'Declaration Day of God's Eternal Blessing', i.e., *Chil Il Jeol* on July 1, 1991, True Parents restored through indemnity our failure in the Family Church movement. Following that, on September 1, 1991 he instructed us to return to our hometowns. True Parents had fulfilled the responsibilities on our behalf and thus given us the name of tribal messiahs.

True Parents also set the indemnity condition for our failure

Through the 'Declaration Day of God's Eternal Blessing', that is, *Chil Il Jeol* on July 1, 1991, True Parents restored through indemnity our failure in the Family Church movement. Following that, on September 1, 1991 True Father instructed us to return to our hometowns and established us as tribal messiahs.

to follow the model course and allowed us to walk the path of tribal messiahs. In other words, they have allowed us to follow the path by which we can bless our tribes and become the true parents of our tribes.

Now we need to restore the sovereignty of our tribes, that is, to establish tribal kingship with our own hands. True Parents have taught us the model course that fallen humanity should follow by walking the path of the True Parents of humanity. Now we also need to follow their model course and establish tribal messiahship.

The 'Establishment of the True Parents of Heaven, Earth and Humankind' is not simply a declaration, and it is not achieved automatically. It is also not an invisible establishment.

It signifies that True Parents have been established substantially on this earth. After following this model course and becoming established through it, True Parents have left it up to us to follow it as our portion of responsibility.

We need to establish the sovereignty of our tribes. We need to become the kings and queens of our tribes. It is our responsibility to completely restore our tribes and make them the children of God. True Parents have laid down the foundation for us, and it is up to us to restore this land.

5) Establishment of the Foundation for One Family Under God

Fifth, True Parents have established for us the foundation for 'One Family Under God'. God's Ideal of Creation is to make humanity one great family: 'One Family Under God!' Centering on God, humankind should form one great family without any boundaries.

To this end, True Parents first brought us together and made us form ties of friendship with one another. When True Parents declared the 'Foundation Day for the Nation of the Unified World' on October 3, 1988, leaders from around the world were brought together at the Il-Hwa McCol factory in Yongin. It was after the Seoul Olympics, and more than 800 Church leaders from Korea and 400-some representatives of 120 nations around the world were assembled, and True Father had them draw lots and choose their partners of friendship.

In 1994, he brought together 160,000 Korean and Japanese

women and had them establish sisterhood relationships. In 1995 he had 15,000 Korean and Japanese men establish brotherhood relationships, and 50,000 Japanese and American women establish sisterhood relationships. Thus, he carried out the sisterhood and brotherhood providence, bringing together people as one large human family without any boundaries.

Establishing such bonds is a providential tool for breaking down national boundaries and bringing people together as brothers and sisters. True Father said, "When sisterhood and brotherhood are established, the concept of national boundaries no longer exists. The concept of race also disappears, because we all become brothers and sisters. Those who have formed such ties should encourage their children to marry the children of their brothers and sisters." Through the establishment of sisterhood and brotherhood, True Parents began mak-

The establishment of sisterhood and brotherhood bonds is the providential way for humankind to break down national boundaries and become brothers and sisters.

The ultimate way to make this world one great family centered on God is through the Inter-cultural and Inter-racial Marriage Blessing. True Parents have already planted the roots of the Inter-cultural and Inter-racial Marriage Blessing on this earth.

ing zones of peace between people without boundaries.

The 'Inter-cultural and Inter-racial Marriage Blessing' is also a providential tool and shortcut for making us one great human family. Vertically, the Blessing changes one's lineage and thus gives rebirth, and horizontally, it serves as the tool of the peace movement in making this land a world of peace. Politics, economics, diplomacy, and military action cannot bring this about. The ultimate way to make one great human family centered on God is through the Inter-cultural and Inter-racial Marriage Blessing. True Parents have established its roots on earth through the Inter-cultural and Inter-racial Marriage Blessing.

Beginning with inter-cultural marriages between Koreans and Japanese, the Blessing has expanded to include the dark-skinned and the light-skinned, and even followers and clergymen of different religions. The Inter-cultural and Inter-racial Marriage Blessing is the essential part of the peace movement advocated by True Parents and the root of the ideal of humanity as one great family.

6) Establishment of the Tradition of Shim-Jung

Sixth, True Parents have established the '*Cheon Il Guk* Tradition of Shim-Jung'. The Pledge Service, *Hoondokhwe*, the Family Pledge, the Indemnity Ceremony, the Blessing Ceremony, the Dedication Ceremony, the *Seung-Hwa* Ceremony (Funeral Ceremony), *An Shi Il* (the Day of Settlement and Attendance), and the Reporting Prayer are all part of the tradition of *Shim-Jung* Culture given to us by True Parents. Wherever you go, you'll find that this same tradition of *Shim-Jung* Culture unites all Blessed Families as one.

Do we discriminate between Japanese people and Koreans in the Unification Church? Do we discriminate between the dark-skinned and the light-skinned? Do we discriminate based on what religion people used to believe in? No, we don't. Blessed Families all over the world are united transcending the borders of nationality and race. The Unification Church Community has become one great family of humankind centered on True Parents. True Parents have come down to earth and made us

The Pledge Service, *Hoondokhwe*, the Family Pledge, the Indemnity Ceremony, the Blessing Ceremony, the Dedication Ceremony, and the *Seung-Hwa* Ceremony are all part of the Tradition of *Shim-Jung* Culture given us by True Parents. Wherever they are observed, they unite all Blessed Families as one.

all citizens of God with no discrimination through the tradition of *Shim-Jung* Culture.

I will give you an example which illustrates this point very well. In 2004, True Parents dispatched Ambassadors for Peace to other countries. Among them was an Ambassador for Peace who had been a personal physician to Korean President Park Chung Hee. He was a dentist and had served as a Member of Parliament. In 2004 he was the President of the Southern Gyeonggi Province Branch of Ambassadors for Peace.

At the time, he volunteered to go to Africa, and so he was dispatched to the Republic of South Africa. He arrived at the airport, and it was arranged that he would stay at the home of a Blessed family. During his stay he had an amazing experi-

ence. In the evening of his arrival, he was trying to fall asleep because he had to give a speech the next day. He was having trouble, however, because of the time difference and also because of the smells peculiar to Africa, which were strange to him. So he was up until the early morning, when he heard a sound coming from the living room. His curiosity aroused, he got up and opened the door of his room and took a look. He saw the parents and two children of the African family bowing before the picture of True Parents and reciting the Family Pledge in Korean. That Ambassador for Peace was deeply moved. Dark-skinned Blessed families in Africa get up in the early morning and offer bows to True Parents, recite the Family Pledge in Korean, and hold *Hoondokhwe*, just like the rest of us.

How amazing is this fact! It is a miracle that cannot be wrought by political, economic or military powers. This is possible because True Parents have made us into one great family without national boundaries. This is possible because they set the Tradition of *Shim-Jung* Culture. The tradition of *Shim-Jung* was set in the course of providential history by True Parents. The Family Pledge, the Pledge Service, the Report Prayer, and *Hoondokhwe* are all part of the tradition True Parents have established for us, so that all Church members around the world can observe these rituals in the same way.

The Israelites wandered in the wilderness for 40 years after they escaped from Egypt in order to separate themselves from

Satan. Then they entered the land of Canaan, whose people worshipped Baal. The Israelites failed to establish the culture of God, who had led them to Canaan, and instead adopted Baal worship as their own. Although their physical bodies were in Canaan, they had not settled there with faith in God. As a result, the Israelites could not receive the Messiah until many hundreds of years later.

We Blessed families need to be grateful to True Parents for establishing the tradition of *Shim-Jung* Culture for us, and we should endeavor to uphold it at all times in our daily lives.

7) Establishment of the Spirit World

Seventh, True Parents have brought about the 'Establishment of the Spirit World'. True Parents have endeavored to put the spirit world in the right order and to bring it to a settlement. In the early years of the Church, True Parents observed a strict life of spiritual separation. Members would bring rice cakes to the former headquarters church, and sometimes True Parents would not eat them but let them spoil. Thus, they did not take everything that they were given. If there was even a small base for Satan to accuse them, True Parents did not accept what was given them. Such was the strict spiritual protocol observed by True Parents in the early days.

This is not the case now, because there are no spiritual restrictions for True Parents since they brought Satan to submission. In the past, True Parents couldn't go to just any

place or sit down at any place, but now they can. This changed because Satan has been subjugated and therefore he has no conditions for making accusations. In short, the spirit world has been put in order.

In fact, the providence of putting the spirit world in order was accomplished on December 1, 1997 when the 'Declaration for the Opening of the Gates to the Blessing of the Spirit World' was made. At the first 360 million couples Blessing of June 13, 1998, 1.6 billion spirits were blessed; saints and sages as well as murderers were Blessed at the same time as brothers and sisters, centering on the five saints, 34 historical figures, and Hee Jin Nim. After that, on October 5, 1998 the Blessed spirits were dispatched to their mission places through the

'Declaration of the Liberation of All Spirits in the Spirit World'.

After the first Unified Blessing of 400 million couples of the Spiritual World and the Physical World in February of 2000, on September 12, 2000 the '*Chuseok* Day of All Liberations' was declared. Then on October 14, the fiftieth anniversary of release from prison in North Korea, the 'Ceremony for the Liberation and Unification of the Spirit World' was proclaimed. After declaring the "Abolition of Paradise and Hell and Registration into the Kingdom of Heaven' on December 3 in South America, True Parents offered a 40-day special devotion. On the foundation of the rapidly unfolding Providence, the 'Coronation Ceremony of the Kingship of God' took place on January 13, 2001.

With Heung Jin Nim established as the Commander-in-

Chief of the spirit world and all True Children in the spirit world united as one, the order of the entire spirit world was reorganized through the works of Dae Mo Nim. Through the 'Declaration of the Era of Affirming Total Returning Resurrection for the Unity of the Spirit and Physical Worlds' in October 2001, the 'Ceremony for the Total Liberation of 6,000 Years of Providential History' in April 2002, and the 'Declaration of *Chuseok* Day of the Liberation of Heaven and Earth' in September 2005, billions of Blessed families in the spirit world have come down to earth to work for the Providence. Thus, the basis for the establishment of the spirit world was prepared.

C. The 'Substantial Word' and Us

The third key word after 'True Parents of Heaven, Earth and Humankind' and 'Establishment' is the 'Substantial Word'. When True Parents decide on a title for a providential event, they incorporate providential meaning into it. When they were deciding the title for the event, they placed much emphasis on the term 'Substantial Word' and spoke to us many times about it.

True Parents gave the Word to fallen humanity and established it with their authority as True Parents of Heaven, Earth and Humankind. They have defined the establishment of the Word as the 'Substantial Word'. By specifying and declaring God and True Parents as the 'Substantial Word', they have given us a clear definition of their concrete form as God and True Parents.

God and True Parents are the 'Substantial Word,' and we human beings and all created things are 'Word Substantiations'. By defining and declaring the True Parents of Heaven, Earth and Humankind as the 'Substantial Word', they have emphasized that fallen humankind needs to walk the path of 'Word Substantiation'.

Accordingly, God and True Parents are the 'Substantial Word', and we human beings and all created things are 'substantiations of the Word', because we are supposed to become substantiated through the Word of True Parents.

When you serve True Parents from close by, you often experience moments that deeply move your heart. Last June, after True Parents had held the '*Seung-Hwa* Ceremony Blessing Rally' in Korea and were about to leave for the US, I was touring across Korea and holding regional meetings with those who had won the last elections. I was in the middle of my tour when I heard that True Parents were about to leave for the US.

So, after attending a meeting with the successful candidates from the Metropolitan area, I went straight to the airport to see them off. When I arrived at the airport, only ten minutes remained till their departure. Right there and then, True Father said to me, "Finish what you're doing quickly and come, because we have to hold a rally". To be frank, I did not pay close attention to his words and just wondered, 'Did I hear right? What rally is he planning to hold this time?' I couldn't ask him again because his plane had already taken off.

You may think that he said those words casually, but at that time True Parents had already been planning the 'Proclamation Rally of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind'. Looking back on such moments after some time, it is clear that True Parents are leading every aspect of the Providence with the rapport of the spirit world.

As they ushered in the tenth year of *Cheon Il Guk*, the ninetyeth anniversary of True Father's birthday, the fiftieth anniversary of the Holy Wedding Ceremony of True Parents, the first year of the Heavenly Era, and the Era of the Heavenly Calendar, True Parents were always thinking about the footprints of the Providence. They declared the first year of the Heavenly Era and the Era of the Heavenly Calendar on January 1, 2010 and next they proclaimed and bequeathed the eight textbooks and teaching materials on True Parents' birthday, which was followed by the Peace Leaders' Memorial Festival of Ascension

and Unity, the Coronation Ceremony for the Settlement of the Abel UN in commemoration of the fiftieth anniversary of True Parents' Holy Wedding, the Golden Wedding Ceremony, and the *Seung-Hwa* Festival. After that, they bequeathed the Ocean Providence, on the foundation of which the elections were held with successful results. During all that time, True Parents had already been planning what they would do next. Then had left for the US.

Although Father had told me to come as quickly as possible, I did not know the deep meaning behind it. And so I was planning to meet all the representatives of Korea and take care of other matters before going to the US. However, True Father kept asking me when I was coming, and so I had no choice but to wrap things up in haste and go there.

As soon as I had arrived and greeted him, True Father called a meeting of the leaders, and details of the 'Proclamation Rally of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind' were decided at that meeting. Although decisions were made there and then, True Father had finished visualizing the plan before he left Korea and then gone to the US. As he explained to us the providential meaning of this rally, Father kept emphasizing the 'Substantial Word'.

We have often heard the word substantiation, but the 'Substantial Word' is rather new to us. From the first, however, Father emphasized, "This time it is the Substantial Word".

And after hearing those words and reviewing Father's words, I came to realize that the 'Substantial Word' and not 'Word Substantiation' was the correct term.

In God and True Parents, 'substantialization' comes first, and their substance is made of the 'Word'. In Unification Thought, the chapter that explains about the inner and outer four-position foundation of God says that the internal nature of the inner four-position foundation is *Shim-Jung* and love and that the external form is the *Logos*.^{*} Thus, we can come up with the formula that the substance comes first and that substance is made of the Word. Therefore, we need to follow in the footsteps of True Parents, who are the 'Substantial Word', and become the substantiation of the Word.

* According to Unification Thought, *Logos* is an element of Divinity representing God's skills, nature and ability, and signifies His Word, His thought or His idea. Following the principle of resemblance in creation, this *Logos* resembles the inner internal nature and the inner external form within the original internal nature. In other words, *Logos*, as the Word of God, is the result of the establishment of the inner four-position foundation formed by the subject-object relationship of the inner internal nature and the inner external form within the original internal nature centering on *Shim-Jung* (love). Therefore, *Logos*, which is the result, comes after the substantiation of God and True Parents, and so the correct term is 'Substantial Word', not 'Word Substantiation'.

III. Tribal Messiahs' Federation for World Peace and Establishment of the Good Sovereignty

A. Establishment of the Traditions of Internal Good Sovereignty

Now all that remains is for us to fulfill our responsibility. True Parents fulfilled their responsibility through the 'Proclamation Rally of the Substantial Word that firmly establishes the True Parents of Heaven, Earth, and Humankind' and laid the foundation for establishment. All that remains is for us to fulfill our own responsibility during the next three years. What, then, is our responsibility? It is to create a 'Substantial Sovereignty' on this earth.

The Good Sovereignty of *Cheon Il Guk* can be considered from two aspects: the internal and the external. Human history tells us that the internal sovereignty has been established through religion and the external sovereignty through politics and economics. Similarly, even in the case of the Good Sovereignty of *Cheon Il Guk*, the internal sovereignty needs to be established through religion and the external sovereignty through politics. In other words, we need to establish the *Shim-Jung* Culture through the recovery of divinity and thus establish the internal sovereignty; we also need to create the Abel Realm of Good Sovereignty through Heavenly Governance.

The internal sovereignty has already been created centering on the Blessed families across the world. However, we need to inherit the traditions of True Parents and make that sovereignty more substantial and solid. The worldwide Cain Realm has boundaries of race, religion and nationality, but we don't have any boundaries. The Blessed families of the world, who do not have any boundaries, need to build a worldwide Abel Realm under the banner of the "Abel UN" and "Parent UN". As Father has always emphasized, we need to make our own Constitution and Regime, and thus show the world the substantial model of establishment through which the entire world can be united completely as one.

A community wherein all peoples live together and share joys and sorrows does not know alienation and conflict; when everyone lives in harmony and loves one another, this is the Ideal of *Cheon Il Guk*. Only two years and five months remain to fulfill this responsibility. In short, it is our responsibility to institute the internal and external sovereignty.

True Parents expect all Blessed families in the world to unite under International President Hyung Jin Moon and establish the internal Abel Realm. Therefore, we need to practice the traditions of *Shim-Jung* Culture inherited from True Parents in our daily lives, establish the basis of our faith, that is, our own Constitution and Laws, and strengthen the foundation of our community. We have already abolished all boundaries and racial discrimination. We are all united as one. Now we need to

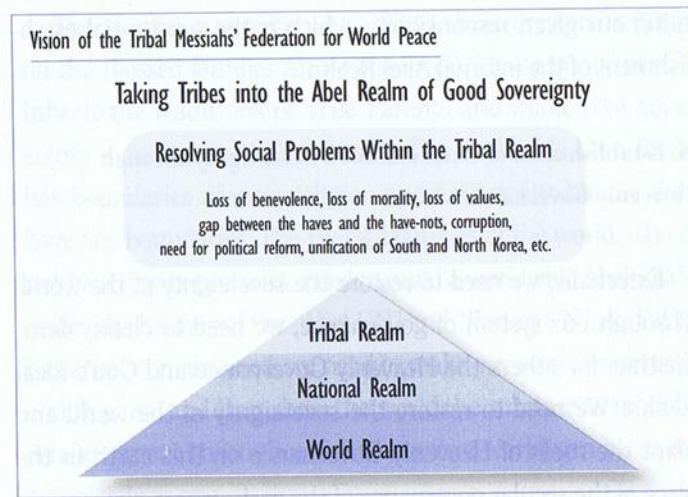

fulfill our given responsibility, which is the substantial establishment of the internal Abel Realm.

B. Establishment of External Good Sovereignty through Heavenly Governance

Externally, we need to restore the sovereignty of the world. Through our system of governance, we need to clearly demonstrate for others the Heavenly Governance and God's Ideal Realm. We need to restore the sovereignty of the world and plant the roots of Heavenly Governance on this earth in the place of the secular governance of the past.

It will not be possible to restore all Cain sovereignties into Heavenly Governance in the remaining short time. Therefore, during this period of less than three years Ambassadors for Peace and Blessed families need to unite and do our utmost to create the Abel realm, which is the core of Heavenly Governance, or Good Sovereignty. The Blessed families around the world also need to create the external Abel Realm.

Only then can we adopt Heavenly Policies. In the last regional elections, many of our candidates were elected to posts such as county magistrates and mayors. One of these county magistrates was really close to us, but at age 71 he seemed too old to win the election. Right before the voting, he came to ask me about practicing Heavenly Governance. Because he would have only a short term as a government official, he sincerely

The tribes are the communities of Heavenly Laws given us by God and the foundation on which the more difficult problems of the modern society can be resolved. To resolve these crises and construct a peaceful society of humanity as one great family centered on True Parents, we need to restore a tribal community based on Heavenly Laws.

wanted to put Heavenly Governance into practice before he left his office. He won the election. Through people like him, we can get closer and closer to Heavenly Governance.

C. Settlement of the Abel Realm through Tribal Messiahs' Federation for World Peace

The core Abel Realm begins from the tribes. The tribes are the communities based on Heavenly Laws given us by God and the foundation for resolving the difficult problems of the modern society. Global crises worsen every day, with the chal-

lenges of climate change, the economy, the gap between the haves and the have-nots, and ideological conflicts. People are losing their core values and are instead immersing themselves in materialism and hedonism, leading to higher rates of suicide and divorce. The only way to get through these crises is to restore a tribal community based on Heavenly Laws, centering on True Parents, and construct a peaceful society where people live as one great family.

To this end, True Parents have founded the 'Tribal Messiahs' Federation for World Peace'. This world in crisis can only be set right within the tribal realm, which is the community based on Heavenly Laws. Tribes need to become solid communities that can serve as the foundation on which all problems can be resolved, ranging from personal problems such as suicide, divorce, disparity in wealth to ideological conflicts and greater problems of the society, nation and the world. Only then can God's Ideal of Creation, i.e., a peaceful human society, can be established.

Blessed families need to restore 430 families in their tribes and thus create the Abel Realm. When the Abel Realm of 430 couples is restored, then the entire tribe can be restored centering on it.

To bring this about, Blessed families need to become the messiah, the chosen one, and the Maitreya of their tribes in the era of divinity. In short, they need to become the spiritual leaders who can resolve the spiritual problems of their tribes. Many

people appear outwardly as though they are leading stable lives, but internally they are suffering from problems between husband and wife, parents and children, and in-laws. Many people who do not have a purpose and vision in life are afflicted spiritually. We need to become tribal messiahs who can resolve these spiritual and domestic problems.

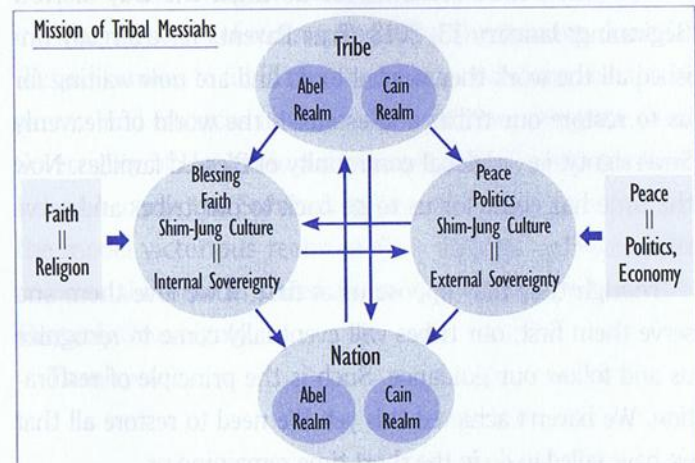

You should not expect your tribes to serve you just because you are their tribal messiahs. You first need to love them and serve them with devotion. If you concern yourselves about the spiritual health and harmonious relationships of people in your tribes and do everything you can to help them, then many people in your tribes will naturally come to serve you as their tribal messiahs. Thus, an Abel Realm following the leadership of Blessed families can be established.

In 1978, True Parents first told all Blessed families to become tribal messiahs through the Family Church of 360 families. When we failed to fulfill that responsibility, True Parents indemnified all courses for us and blessed us again in 1991 as tribal messiahs and instructed us to return to our hometowns.

Now the time has come for Blessed families to fulfill their mission as tribal messiahs, a mission given them by True Parents. There is no time to be lost. To realize *Cheon Il Guk*, all Blessed families need to work as tribal messiahs; from that position they need to become tribal true parents and tribal tetrarchs by the Day of New Beginning. Only when this comes

True Parents have founded the 'Tribal Messiahs' Federation for World Peace', because this world in crisis can only be set right within the tribal realm, which is the community of Heavenly Laws. Now the Blessed families, who are the tribal messiahs, need to become tribal true parents and tribal tetrarchs. They need to pass on the Word and the Blessing to their tribes and establish the Heavenly Sovereignty, thereby bringing the Culture of *Shim-Jung* to settlement.

All Blessed families need to work as tribal messiahs to restore the 430 families and build the Abel realm within their tribes by the Day of New Beginning through the Word, the Blessing and the peace movement. After restoring the tribal Abel realm, they need to restore their tribes and become the tribal true parents and tribal tetrarchs.

to pass in the tribal realm and the Abel Realm of *Cheon Il Guk* can the problems of the world be resolved and peace be established across the world both politically and economically.

True Parents have already given us our mission as tribal messiahs and bequeathed to us all of the foundations for following the model course they have shown us and realize *Cheon Il Guk*. We need to become tribal messiahs through the Word, tribal true parents through the Blessing, and tribal tetrarchs by establishing the grassroots reality of living for the sake of others. Thus, we need to lay the foundation for the Heavenly Sovereignty in our tribes and create a tribe of the Abel Realm of Good Sovereignty.

Not much time remains for us until the Day of New Beginning, January 13, 2013. True Parents have already finished all the work they needed to do and are now waiting for us to restore our tribes and establish the world of Heavenly Sovereignty, i.e., a global community of Blessed families. Now the time has come for us to go back to our tribes and serve them.

Though they may oppose us at first, if we love them and serve them first, our tribes will eventually come to recognize us and follow our guidance. Such is the principle of restoration. We haven't achieved this yet. We need to restore all that we have failed to do in the short time remaining us.

In the year 2010, we celebrated the ninetieth birthday of True Father's providential life, the fiftieth anniversary of True

Parents' Holy Wedding Ceremony, the Year of Jubilee, the tenth year of *Cheon Il Guk*, and the first year of the heavenly era. And now we are two years and five months away from celebrating the Day of New Beginning in 2013. True Parents have already been established in seven aspects as 'True Parents of Heaven, Earth and Humankind', and they have declared their establishment before the world as the 'Substantial Word'. To give us time to inherit their victorious foundation and make efforts to substantiate this nation and the world, True Parents finished their work and established themselves early. They have permitted us to work in the remaining time and given us tasks to fulfill as tribal messiahs.

Now we are living in the era of the children's responsibility, that is, the era of our responsibility. The time has come for Blessed families to fulfill their mission as tribal messiahs, true parents and tetrarchs in their tribes and thus bring the Good Sovereignty of Heaven to a settlement on the worldwide level. Let us become the Substantiations of the Word and inherit the model victorious realm of True Parents, achieving the seven establishments stated above in our tribes and establish Heavenly Sovereignty.

Thank you.
