Remarkable Messages from the Spiritual Realm:

World Leaders Speak on God's Providence Today
Dear Friends in Faith:

We are pleased to present to you at this time special revelations that can strengthen and edify your spirit and conviction in the power of God to transform this world. Throughout history humankind has searched for understanding concerning the purpose of life and the prophecies in scripture. Historically when God worked to guide His people, He would give revelation and inspiration through His messengers. When Abraham was about to offer Isaac, it was an angel that appeared and gave Abraham the message that God knew Abraham feared God in his heart and therefore his son did not have to be offered.

Herein lies an important lesson. When God reveals His messages to us, there is always an element of responsibility on humanity's part to believe in the message and the messenger. In the West, Abraham is the Father of this very responsibility. Hebrew scriptures make this perfectly clear where we read, “Amongst the multitude of there was one just and upright man. He was called Abram.” In the Old Testament we read, “Now the LORD said to Abram,” “Go from your country and your kindred and your father’s house to the land that I will show you. I will make of you a great nation, and I will bless you, and make your name great, so that you will be a blessing. I will bless those who bless you, and the one who curses you I will curse; and in you all the families of the earth shall be blessed.” (Gen. 12:1-3 NRSV). This absolutely required Abraham’s faithful response!

When Mary was told that she would bear the Christ child, it was the Archangel Gabriel who gave her the message. She believed in the message and in faith prepared and succeeded in giving birth to Jesus Christ, who would become the Messiah and Savior to humanity. Later when Jesus had matured and was in an hour of decision, God sent Moses and Elijah to him from the spiritual world to give him a message that gave insight to his mission and destiny.

Surely Prophet Muhammad (PBUH) excels in responsiveness to God and the spiritual world. Tradition teaches that when the Archangel Gabriel first appeared to Mohammed, he was terrified. Yet how opposite from terrified was the Prophet (PBUH) a few short years later, when with assassins just feet away, he calmed assured a terrified Abu Bakr, “No, We are not two. There is a Third One with us, and He is Allah.” (Chapter 9; verse 40) The Prophet’s confidence grew due to his believing response to Allah over the years.

We present to you now messages from God, from the saints of all major religions, as well as confessions of faith by former leaders of the communist world. We also are honored to present to you messages inspired by God as given through the former presidents of the United States.

Believers know that our times are every bit as revelatory as that as the time of Abraham, Jesus, or Prophet Mohammad. We know that there are believers who will understand God’s message through these revelations. We humbly present them to you with sincere hope that they will enlighten you to the fact that the prophecy in the book of Acts 2:17, “...in the last days God will pour our His spirit upon all flesh,” is now being realized.

The Reverend Sun Myung Moon and Dr. Hak Ja Han Moon, True Parents of humanity, have made the family the cornerstone of their ministry. Marriage should be blessed by God and reflect His image. Family must not be restricted only to those who remain living with us, but also those who have passed into the spirit world. The spiritual world is real and is to be understood to be the place of purpose for life. It is with the heart of enhancing your whole life experience, both spiritual and that of this world, that True Parents have presented these revelations to you for your prayer and consideration. These will open up to you, not only the truth of your own lives and those of your family members, but further our responsibilities in our nations and the world. We sincerely hope they bring inspiration, hope and understanding in your journey toward heaven, and our shared path to a better world.

Sincerely,
Rev. Michael Jenkins
President, Family Federation for World Peace and Unification, USA

Foreword

I n his letter to the Hebrews, Saint Paul referred to this physical reality as a “copy and shadow” of the heavenly or spiritual realm (Heb. 8:5). The Bible makes clear that life does not cease with the death of the flesh. Indeed, most major religions hold the concept that a person’s soul continues on after his or her physical body passes away. Where the soul goes to dwell among the many mansions in the spirit world (John 14:2) is determined by the quality and character of his or her life on earth, especially the quality of faith and depth of love.

Up to the present, the realms of the spirit world have been divided, separated by the same barriers of religion, nationality, race and culture that divide people on earth. This is a natural consequence, as people on the other side continue with the same prejudices and limitations they had on Earth. However, in the Last Days, when God establishes His Kingdom, there should be unity in Heaven as well as on Earth, in order that “The Lord shall be one and His name be one” (Zech. 14:9) and “The kingdoms of this world become the kingdoms of our Lord and of His Christ, and He shall reign forever and ever” (Rev. 11:15).

The testimonies in these pages were uttered by leaders of diverse denominations and religions, even atheists, who gathered at special seminars in Heaven to study the truth of God and commit themselves to supporting the providence of this age. They have resolved to attend the one true God and Christ at the Second Advent. For some, it was their first experience of God’s absolute and eternal love, and it shook them to their core. Others expressed profound remorse for their mistakes as their eyes were opened to the spiritual world.

The revelations that are being put forth in these pages are of great importance, and their usage is given to us as a spiritual “copy and shadow” of the true reality. We are blessed to be able to experience these testimonies firsthand. As we read these testimonies, may our hearts be opened to the spiritual world and may we be blessed by God’s messages to us.

Dr. Lee’s earthly counterpart is Young Soon Kim, a leader in the Unification Church who is grace with the gifts of spiritual hearing and spiritual insight. While in the Spirit she was able to hear Dr. Lee’s interviews with the people at the seminars and record them on paper for earthly people to read.

Knowing that this information is new and unusual to many readers, we encourage you to digest it with a prayerful yet open mind. Heaven’s use of terminology is sometimes different from its meaning on Earth. The term “Messiah,” for example, is used in the Bible to describe someone who is Called to be the Messiah, or the One who will bring about the restoration of Israel. In the New Testament, the term “Messiah” is sometimes used to describe someone who is called to be a prophet or teacher.

We encourage you to study carefully the testimonies and messages in these pages, for they contain important information about the spiritual world and our role in it. We pray that you will be blessed by these messages and that you will be led to a deeper understanding of our relationship with God and His plan for humanity.

Sincerely,
The Editors
A Letter From God

December 28, 2001

Dear beloved True Parents,

I am God, the Creator of the universe and the God of all humankind.

My beloved son! My son, I love you greatly! I hold you dearly! You are My pride and joy!

My happiness and gratitude for you is limitless. I would search the cosmos to find the word that would fittingly describe My love for you, but I cannot find it. Mere words cannot adequately express My heart.

Because you, the True Parents, have succeeded in raising up everything that had fallen and restoring it to its proper status, I proclaim that you are truly the Savior, Messiah, and King of Kings of all humankind!

On December 25, 2001, the founders and leading figures of Christianity and the other major religions adopted a written resolution in which they all without exception resolved to participate in My providence for the peaceful unification of the cosmos. They resolved to attend the True Parents, who are in charge of this providential effort. Therefore, it is right and proper that the True Parents be exalted as the True Parents of all humankind.

I, the God of all humankind, invite you to ascend to the position of King of Kings. This position must be fulfilled internally, even though earthly people do not yet fully understand. You took up My cross and endured countless difficulties in My stead. Therefore, now I want to bestow upon you all My inspiration, gratitude, enthusiasm and ecstatic joy.

Now I want you to inherit everything that is Mine.

True Parents, I want to embrace you in My bosom and never let you go! I would hold you all night long, and we could speak intimately as lovers do.

I am the God of all humanity, yet many centuries passed since I last knew a person on the Earth whom I could completely trust. I know and remember all the difficulties, pain and suffering that you endured for My sake. I experienced it all with you. Those crosses were all My responsibility, yet you carried them and endured, and now you have raised a victorious standard. Thank you, thank you, True Parents! Thank you for your dedication and hard work! Thank you for your victory, which has eased the pain in My heart and illuminated the cosmos! My gratitude will remain forever.

Victory to My beloved True Parents!
Victory to the Saviors of humanity!
Victory to the King of Kings!
Sincerely, The God of All Humankind
Jesus is using this opportunity to send this new message to people on Earth, including the Jews who are still waiting for the coming of the Messiah. Whether Christian or non-Christian, people know my name, Jesus. The mission of Jesus is to send this message to the Earth. It is complex and perplexing. I feel sad that I cannot summarize and convey my message in a few words. In particular, I know that Christians will doubt the message rather than believe it. However, as a person who came to the Earth with the mission of saving the world as the Messiah in the New Testament Age, since the time to reveal the truth has arrived, I am telling you the truth before Heaven and Earth.

I came to Earth with the mission from God to be the Messiah in the New Testament Age. I couldn’t reveal all of the conflicts between the religious believers and non-believers in those days. In fact, there are many providential matters that the Bible does not reveal. With the flow of each providential age, God could not avoid discarding His immediate plan. I am revealing clearly a part of this hidden providential content to the numerous clerics who have been waiting for the Lord’s return.

God created human beings to need a physical body during their earthly life. Once they lose it, they go to the spirit world and live there for eternity. Dear saints who are waiting for my return, why don’t you pay attention to the fact that God gives dual prophesies in the Bible [blessings for those who follow His will, curses for those who disobey His will]? I came to Earth as the Messiah in the New Testament Age. What do you think is the meaning of the crucifixion? Do you really think that it was God’s will from the beginning, or could it have been the result of human error? Have you thoroughly studied the Bible? I am the Messiah of the New Testament Age, yet I lived eating and sleeping like any other man on Earth. Even though I lived as an ordinary human being, my mission as the Messiah was unique. To state the conclusion, the way of redemption through my crucifixion was not God’s original intention.

Dear Christians and all people on Earth, please pray over this matter while fasting. Then I will appear to you and clearly tell you the truth. When you do it, you should be totally focused on praying with a pure heart. Reverend Sun Myung Moon is the one who came to Earth to complete my mission that was not fulfilled through the redemption of the cross. He comes as the True Parent to conclude God’s providence in the Completed Testament Age.

I came with the mission of the Messiah in the New Testament Age, but people at that time crucified me. That is why there remained a task for God to fulfill, and the necessity of a Second Coming. The Messiah in the New Testament Age brought salvation to people in the spirit. Still, history continued with the homework of physical salvation remaining to be fulfilled. Wandering in the alleys of grievance, suffering, sor- row and pain, God endured endless tension and pressure while He worked to send the Messiah in the New Testament Age. Reverend Sun Myung Moon is the one who came to Earth to complete my mission that was not fulfilled through the redemption of the cross. He comes as the True Parent to conclude God’s providence in the Completed Testament Age.

I often went hungry. My life was filled with grievances. Chris- tians sumise that everything that happened to me was the will of God. However, think whether there was any responsibility on the part of human beings. I came as the Messiah and the Son of Man. As the begotten Son of God, I did my very best to fulfill my messianic mission, but I could not fully accomplish my dreams and desires. Had my will been entirely full- filled, it would be necessary for me to return.

Dear fellow Christians and religious believers, I am truly the Messiah. However, the one who returned to fulfill the messianic mission today is Reverend Sun Myung Moon. He is the Second Advent of the Lord. Think of the question John the Baptist raised when answering the Pharisees’ and Sadducees’ heretics: “Are you the one who is to come?” How do you now see Reverend Moon? Think of the flow of time and examine the incredible achievements he has wrought. Could he do this without God’s blessing? I am truly sorry.

Jesus who died physically cannot come back to physical life and appear to you. Human flesh is to return to the earth as dust, once it gives up the spirit. That is the truth and a heavenly law. Read again the Bible verse that states that people will rise from the toms. God is the Author of science and math- ematics as the Being of the Principle. The theory that a dead body that decomposed will be reassembled and float in the air assumes that God can do anything and everything. However, to God that is not a mystery. It is the mystery of His princi- pyou cannot solve questions that way. Look at the world of nature. Look at the process of human growth and the design of human life. God and human beings are in a relationship of parent and child. You will have to experience the heart of God now, who has been leading the providence of salvation for humankind so patiently. What if you Christians could see me right now, sitting and talking with Buddha, whom you con- sider to be an idol worshipper? What would you think of me? Reverend Sun Myung Moon is the master of this era because he is the Messiah of the Second Coming. What will you do with him if you are going to put him on the stand for judgment? Are you going to hang him, as I was hung 2,000 years ago? Are you willing to pray and fast about this? I hope that you will make a wise decision as a reli- gious believer. I am coming to earthly people with a desire to teach people about my responsibility as Jesus, the Messiah of the New Testament Age.
When human beings live in the flesh, in order to sustain their physical life they decide on certain norms and live within that boundary. Human beings did not know better, being limited by their physical senses. They tried to cope with problems within limited boundaries, by seeing and hearing what appeared to be reality. Although the four major religious founders thoroughly reveal the contents they learned in these seminars, since they are invisible to the eyes of earthly people, people of earth cannot readily accept it as real.

However, the four major religious founders and other saints and sages here struggled more than anyone else for the salvation of mankind. Other than Jesus they may not be messiahs, but they willingly denied their physical comfort for the sake of others. If life is likely, they are the ones who proclaimed the truth and sought to guide it to people, guiding them to a better life. Such are the individuals gathered together here.

Even after they offered their physical body, they cared for and cherished their followers on Earth as themselves. Because they endeavored and toiled so hard to guide them to a better direction, they are qualified to attend these gatherings. As was already stated by Jesus and Buddha, the spirit world here is truly harmonious. Jesus introduced himself before the Buddhist participants and said: “Since we are gathered together, let us have worship in both the Christian way and the Buddhist way. And let us talk about our views on the life of faith.” Likewise, Buddha offered a full bow to the Christians at the gathering and humbly said, “Thank you for giving me a chance to greet you.” These two founders then exhorted everyone to reconcile with each other despite some differences in their beliefs. Then some noise arose from a corner of that gathering. Jesus said in a gentle voice: “Dear brothers and sisters, we all are children of God and therefore brothers and sisters to each other. And it is time for us to show God harmony among us.” The atmosphere calmed down and turned solemn. The body of God appeared quietly in the beginning and later transformed the entire area into brightness. Everyone there was taken aback with surprise and mesmerized by its splendor. They did not know what to do.

During our seminars, God frequently demonstrated His thoughts and thoughts of others. And I believe that the three main thoughts are: (1) God believes that through gatherings among the four great religious founders and other saints and sages, all power struggles among religions and denominations will disappear. Then the doors to the truth will open to all people from different backgrounds.

Dear Confucians, how can I help you? In the world there are various races, religions, cultural backgrounds and customs. Many different things are seen on the surface. It seems that all people have one thing in common: our human identity. Regardless of whether we are white, black, or yellow, once a person goes to a hospital, the method of treatment is identical for the same ailment. It is so because the human anatomical structure does not vary with race. What does this mean? It means that we all have the same Creator. There is only one Creator, who is God. God is our Parent. If we attend Him, all will be well.

Why are we so confused? Is everything so complicated? Ever since the wrong beginning of human history, different religions have arisen. The unification of religions is therefore necessary, and for this purpose God sent Reverend Sun Myung Moon to this Earth. He did not say that the religious doctrines taught by each religion are wrong, but presented one simple truth that everyone can unite with. Yet each religion still insists that their teaching alone is correct and the only right way. That is why things became so complicated. So I believe that we desperately need to yield to each other with a willingness to accept others. No matter how noisy it is on Earth, the representatives from the major religions are tightly bonded here. Bonded by what? There is only one truth. All of us have resolved that we will work with other religious believers after accepting God's will and then will my followers on Earth do it? It is not difficult to guess.

Dear Buddhists! Your greatest teacher is attending God as the Parent of all humankind. God is your great Master Buddha. He has been waiting for a long time to communicate His will and purpose. But instead, examining your daily life on Earth, live in preparation for your future life here in the spirit world.

Humankind is one people and one tribe. Reverend Sun Myung Moon sent to address everyone from the heavenly law. Find out what he is doing for human liberation, despite the fact that he is over 80.

Dear earthly people! The place you will dwell for eternity is humankind. Earthly life is nothing but a play or training center. During the harvest time, only good grain will be stored. Thus you should live a mature life. Dear followers of Confucius, please consult the messages from Jesus, Buddha, Confucius, and other saints and sages, and make a wise decision for your future life.

4. Mohammad’s (PBUH) Message for Muslims and All People on Earth

When God created human beings, each individual was to be an object of joy to Him. However, because His original will, due to the fall of the first human ancestors, from the beginning human history flowed in a wrong direction. Races divided, religions arose, and different cultures developed depending on the living environment. Humanities, religions, and cultures are only one, God. How painful His heart must be when He looks at the divisions of humankind into many races, religions and cultures. God is the Parent of all humankind, but when He has to watch His children fighting every day, arguing over who is right and who is wrong, how Must He feel? Earthly people do not know the overall direction and flow of God’s providence, nor the relationship between God and human beings, and that is why there has been no harmony among religions for a long time.

God is the Parent of humanity. If examined carefully, the original source of all doctrine or truth is one. What religion would teach people to revere evil? Although their methods might differ, their fundamental purpose is to pursue goodness. God is the original being of absolute goodness and love, and every religion teaches about love.

Therefore, the fundamental teachings of each religion are quite similar. Now God’s basic desires are to bring the truths and doctrines of all religions together and unite them as one. When it is done, God can finally rest. After countless days of waiting, God finally sent Reverend Sun Myung Moon for this purpose. Through him, the Unification Principle was revealed for the sake of the unification of all religions.

Dear Muslims, you too were born as children of God. I hope that you will unite in one thought. The reason is simple. The only God wants that unification. God at the time of Mohammad and God in this era is the same God, who is our Parent. I believe that God is the Parent of all human beings. Now is the time when we should be able to enjoy one brotherhood and realize world peace. God desires it all the time.

The possibility of world peace is remote without the unification of religions. Dear Mohammad, you do not employ our unique faith and doctrines to cause pain to other religious believers, but accept everyone with open arms and open hearts. By so doing, open doors to the Unification Principle, for which the majority of religious founders have united in one thought and idea. Jesus accepted Buddha, and vice-versa. We personally experienced God who is rejoicing to see us at the same seminar. Through that experience, we resolved to remain united as one.

Reverend Sun Myung Moon came to the Earth in order to deliver God’s will and to unite a divided and scattered humankind. He appears as the True Parent. I hope that my followers will also accept him with a humble attitude.

Sincerely,

Mohammad

5. Message of Socrates to Intellectuals

After the seminars in Athens I betrayed my people, I often thought that it would have been nice if human life could have been valued and cherished more than many theories that so disturbed the citizens. Human life should not be judged by what is visible. Even the smallest creature was created with the loving care of God. How profound it is that God must be as children created with all of God’s heart and soul, the masterpieces of all creation! Although created as children of God, human beings have lived throughout their lives without knowing it. Just take a look at the parents and children on Earth. When they are apart from each other, how much do they long with achings to see each other? Parents and children should live in happiness, sharing love and conversation in the same family. Even God desires for the sake of the unification of all human beings. God has a spiritual source of love and heart itself. Yet since the creation, due to the wrong direction the first human ancestors took, the relationship between God and human beings has been severed. Under those circumstances, what has been the heart of God?

You know Socrates is a man who was betrayed by the jury in Athens. The pain and sorrow that I experienced from that injustice was indescribable. After coming to God, however, I discovered Someone who was mistreated more than me, bear- ing such pain. And please read thoroughly the Unification Principle in the book. I also hoped that it was not true. Then, when I discov- ered a new truth, one that was awakening me to the momentary life on earth, I was granted this position as the representa- tive of all intellectuals and people who prize reason over blind faith. Never take life lightly, you who are the guardians of God’s original message. How could there not be awards given for the conscious endeavors one makes to come to the eternal world? The fruit of your hard work, effort and investment is borne here, in the dwelling place of eternal happiness. If you had to pass numerous tests before I could send this mes- sage. What were they? Here in this world as on Earth, people have various ways of life. As on Earth there are also many dif- ferent religious entities. One day I attended a seminar for intellec- tuals, during which I listened to a lecture on the Divine Pirce- chant for Intellectuals to Go.” I encountered a new truth, one that was awakening me to the fundamentals of life. Yet since I was being transformed into a new person so drastically, my pride was hurt. Many times I shoutedcracking my head to the unison truth that I was trying to for- ming. I also hoped that it was not true. Then, when I discov- ered from where such an incredible truth originated, conflicts and friction arose in my heart. I was ashamed of myself, for I could not accept the Unification Principle to which I had totally stripped away. However, what can I do about the truth? Truth is truth no matter what. After realizing this, I gave
up on my intellect and pride. I decided to invest everything into this truth. I had to pass that test before I came to send things to the intellectuals on Earth.

Dear intellectuals! Even if I were to mobilize all of my intelligence and reason, how would it compare with that of God? Would God have created all things randomly, without any plan? Even if I could sell my intelligence and abilities, I could not purchase those belonging to God. No matter how great the power of science, can natural law be changed? God Himself is the Master of science. The mightiness and divinity of God that Socrates discovered cannot be described in words. That is not all. The lady who is taking down my message is an earthly person, but I am a spirit dwelling in the spirit world. Can you intellectuals understand this? Such communications are also possible only due to the power and ability of God. Since the time is ripe, God is allowing me to reveal heavenly secrets to earthly people so that they can be guided to the right place in the future.

Here in the spirit world, resolution of difficulties comes simply because people here have already verified and understood the situation of God. Their directions are also the same, consistent with that of God. However, on Earth things are very complicated, simply because there is no agreement on what is the right direction.

Dear intellectuals! God is toiling hard to guide His children in the right direction, mobilizing various methods. Ladies and gentlemen, have you ever seen God? He is invisible and formless. Nevertheless, His single-minded desire to restore His lost children is unchanging even after many thousands of years. That is why He sent Reverend Sun Myung Moon to Earth on His behalf, and presented us with the Divine Principle. He wants us to determine the right direction to take in our lives. He wants us to study the book of the Divine Principle, which was not written by a human brain or deduced by human reason. It is a book of salvation that was discovered through Reverend Moon's bloody battles against Satan. He verified every single thing in the book as truth from God. It contains everything. Read it carefully. Your intellect is able to analyze how much your spirit is awakened, and you will be able to realize the direction you should take in your life.

Dear intellectuals! Who are the people whom you should most respect and whom you should follow? Ask and answer that question yourself. They will very likely be people who left behind something valuable on Earth. Yet so far, there have not been great people who willingly took responsibility for the next life in the spirit world. Reverend Sun Myung Moon, on behalf of God, is guiding us toward an eternal passage to peace. Through his mission he awakens our spirit. Then he is willing to be responsible for our life in the next world.

Study him and try to find teachers greater than he, comparing them. If you cannot find any earthly persons who are greater than he, what will you do? You are in a serious position at a serious time, and you are required to make a serious decision in your life. Life is not long, but the next world is forever. Moses didn't know anything. Moses didn't know the purpose of denying God. I, who denied God and spirits, was very miserable when I came to the spirit world. I thought that those who believe in God are weak people. I spent my life on the Earth without knowing that life on Earth is very short. I, who denied God and spirits, was very miserable when I came to the spirit world. I doubted that life here was connected with the Earth, even after I lived here. How could I express even a part of my bitter heart? I have no way to deny that I, who denied God and this world when I was on the Earth, now live in the spirit world.

People on Earth, please listen to my confession. There were many questions about life in the spirit world that I couldn't answer. But after I learned the Divine Principle and Unification Thought with Marx, I began to find the answers to my questions. From the moment my questions were answered, I was reconciled with the fact that I was a sinner. Dr. Lee saved me. I had a chance to see God. It was so painful that I wanted to commit suicide. Unification Thought explained the existence of God to me clearly and in detail. Then a strange fear and anxiety overcame me. I didn't know what to do.

Then suddenly a giant appeared. I couldn't look at him because of an inexplicable fear. He said to me in a silent voice, “Look at me,” and then he walked away without showing his face. I followed him, but he suddenly disappeared. It was very strange. I looked for him further and I found him standing in front of a big picture. He said calmly, “Follow me. It is clear that you must go, find your way, and come up with a solution.” But I couldn't stand the fear. I asked Dr. Lee who he was, but Dr. Lee said that he was the very Reverend Moon who brought to light the Divine Principle. He said that Reverend Moon is the Parent of humankind and explained all the circumstances surrounding that. I couldn't stand the pain. What was I to do? I anguished greatly. But Dr. Lee gave me courage. “As God is the parent and the substance of love, He will forgive everything. Now what you have to do is to follow your mind. God and True Parents lead their children with forgiveness and love.”

This calmed my mind and gave me courage.

People on the Earth! Philosophers who think God doesn't exist must brace themselves and observe everything. I experienced the existence of God as the Parent of humankind. And the world after death exists in your future. You must be proud of them. I spent my life on the Earth, now live in the spirit world. I expected my example to become a lesson for my past to God and True Parents and I love them and am proud of them.

2. Friedrich Engels

“The Divine Principle saved me.”

When I looked at the harmonized cosmos and the organization of human beings, I couldn't believe my eyes because of my fear of denying God. I expected my example to become a lesson for the people on Earth and in the spirit world. And I want to tell you the impression I have from the Divine Principle education. I would like to clearly and honestly point out the way to humankind must go. Don't believe in other gods, but place your hope in God.

Because of my strong pride, I neglected God when I was on the Earth. I could see nothing but actual beings and thought that those between life and God are weak people. I spent my life on the Earth without knowing that life on Earth is very short. I, who denied God and spirits, was very miserable when I came to the spirit world. I doubted that life here was connected with the Earth, even after I lived here. How could I express even a part of my bitter heart? The great mysteries of God's love. I clearly convey to you who God is. He is the Parent of humankind. Reverend Sun Myung Moon brought this fact to light. Reverend Moon's bloody battles against Satan. He verified every single thing in the book of the Divine Principle and Unification Thought. I experienced the existence of God as the Parent of humankind and explained all the circumstances surrounding that. I couldn't stand the pain. What was I to do? I anguished greatly. This calmed my mind and gave me courage.

People on the Earth! Philosophers who think God doesn't exist must brace themselves and observe everything. I experienced the existence of God as the Parent of humankind. And the world after death exists in your future. You must be proud of them. I spent my life on the Earth, now live in the spirit world. I expected my example to become a lesson for my past to God and True Parents and I love them and am proud of them.

One day I felt intolerable suffering in my heart from what I had learned in the Divine Principle. To rid myself of the pain, I was walking around. Then I saw an old woman suddenly fall down in front of me. She was bleeding, with her hands grasp-
ing a knife stuck in her breast. It occurred to me that I want-
ed to do something good, so I extended my hands to her and tried to pull out the knife. Suddenly I heard a fearful voice. “I, God, am still alive. You are my child.” Only the voice was left and the woman disappeared. I was frightened. Because I had learned the Divine Principle in detail, I understood that the Divine Principle certainly exists. Dr. Lee taught me that God forgives everything, as He is the Parent of humankind, but I am still in pain, so I know that I haven’t been released yet. Please receive the will of Reverend Moon completely, open your hands and build churches for the worship of God and hold worship services. Reverend Moon reflects the image of God, even though he is a man, and he is struggling intensely to save Communist countries. His thought is messianic, especially for the Communist countries. You must rededicate yourself completely. Because God is alive, only attending God will save the Communist countries.

Friends, please save me. Please liberate me. When your way of life changes according to the teaching of Godism, I will be liberated in the spirit world. God certainly exists. 8. Deng Xiaoping
(1902-1997. The Chairman of the Chinese Communist Party.)

“Communism leads humankind in the wrong direction.”

Thanks be to God for forgiving the one who committed sin, and there is no sin. Thank you, Reverend Moon, for working hard to save those in hell and the Communist bloc. I participated here earnestly long ago for the members of the Communist Party to make a new start.

When I came here from the Earth, scores of angels guided me. I felt as if they were leading me. Being led by them, I really felt that my power was of no use. They disappeared, depositing me in this place without a single word.

There was nobody here and nothing but a swampy ditch. I wondered where I was. I looked around, but I couldn’t find anyone. There was nothing but the swamp. I couldn’t leave. It was a fearful place and the swamp seemed to be ready to swallow me if I moved the slightest bit. I was hungry and it was cold at times and hot at other times. Sometimes the darkness turned into a storm. There was the sound of unlimited loneliness and anxiety in my mind. If a man commits a sin, he will be punished.

Where was it? It was the place the spirits live. I wandered in this place, in pain, loneliness and anxiety for many days. Then one day there appeared my Messiah. He was the one Jesus sent to retrieve me. Following his invitation, I came to listen to a very precious lecture. It was on Unification Thought and the Divine Principle. I was beside myself. The lectures told me that Reverend Moon is the Messiah of humankind and that God is the Parent of humankind, and that he is working so hard to save Communist countries. It shocked me and made my heart sorely ache.

I lived a very harsh life here, staying away from God in a place that has nothing to do with Him, not attending Him. I do not want to spend even a moment in this place thinking about my life on earth. I am truly grateful that I was called to attend this seminar in spite of everything. Through the Unification Principle education I received, I have come to understand a new view of life and worldview. Now I want to cut myself off from all my past without hesitation, and live in attendance to God as my Parent. The Unification Principle is the hope and torchlight for all humanity. The Unification Principle deals with the unification of humankind.

Reverend Sun Myung Moon, True Parents! Please save us brothers who are wandering about from place to place because we have no suitable dwelling place. In this seminar, I have come to know God and to deeply understand humanity’s life after death. Please guide the Communist leaders on earth so that they, too, may lead correct lives centering on Godism.

Ho Chi Minh, April 29, 2002

“Communism leads humankind in the wrong direction.”

I, Ho Chi-Minh, lived in a very wrong way when I was on earth. I struggled for decades to bring about national liberation, but because I was unable to find an ideology that was correct, I ended up creating one of the poorest countries on earth. I do not want to spend even a moment in this place thinking about my life on earth. I am truly grateful that I was called to attend this seminar in spite of everything. Through the Unification Principle education I received, I have come to understand a new view of life and worldview. Now I want to cut myself off from all my past without hesitation, and live in attendance to God as my Parent. The Unification Principle is the hope and torchlight for all humanity. 11. Pol Pot
(1925-1998. Leader of the Cambodian Khmer Rouge. He carried out the slaughter of some 2 million people.)

“You, too, must change to a worldview and view of human life that is centered on Godism.”

During my life on earth, I, Pol Pot, treated human life as if it were merely material existence, in accordance with the Communist view of life. Therefore, I indiscriminately executed those who opposed the ideology of Party members for this reason, in my existence here I cannot be treated as a human being. I cannot escape the consequence of the sin of having slaughtered such a large number of God’s children… Communism is the response for heaven. It gives much to the poor of this earth, but in this place I am living with a pony. I have been alleviated very little time, so I cannot explain much about my situation here, only that I am constrained such that whenever the pony jumps, I must jump with it.

I tell you that through the Unification Principle I have come to a definite realization about life after death and the existence of God. It is the final chance for us Communists to survive. It provides Communist Party members with one last chance to repent for having denied God. All Communist Party members here can receive the opportunity for new life by attending the Unification Principle seminar. I acknowledge the existence of God, and clearly reveal to you my situation in the afterlife. My message to you on earth is that you, too, must change to a worldview and view of human life that is centered on Godism. Only when you do this will the Communist Party members who are now in hell in the spirit world be liberated from the torment of Hell.

Reverend Moon, the founder of the Unification Church who is the Messiah of humankind, is the True Parent. All Communist Party members understand that Reverend Moon’s way is the only way for you to follow from now on. He is the True Parent of humankind, and you must follow his teachings. This is the only way that Communist countries can survive. People on Earth, please bear this in mind.

Pol Pot, April 24, 2002

12. Che Guevara
(1928-1967, a leader of the Communist revolution in Cuba; he later separated from Castro. He took part in the struggle for a Communist revolution in Bolivia and was shot dead by Bolivian government forces.)

“I thoroughly repent for my life as a revolutionary on Earth, because I was once in a relationship with the spirit world.”

I, Che Guevara, acknowledge the existence of God, and experience that there is a world of the soul. I cannot help but point out that Marxist philosophy contains many errors. I declare to all Heaven and Earth that God and human beings are in a relationship with one another and that Communism is wrong by showing the reality of the shape I’m in here. As my friends in Heaven, you must follow his teachings. This is the only way that Communist countries can survive. People on Earth, please bear this in mind.

I am convinced that Reverend Moon is the True Parent of humankind.

MESSAGE FROM JOURNALISTS

1. Hugh Love
(Died 2002 at age 73. Belfast Telegraph reporter, UK.)

“Jesus asked me to report on the situation here to people on earth.”

He, Hugh Love, would like to file a news flash to the earth from the spirit world, the world after death. I believe the fact that I am able to do this is already shocking news. Here, I have experienced something unimaginable. I met Jesus, who is adored not only by all Christians but also by all humanity! He greeted me, “Welcome. You’re new here, aren’t you?” and treated me with utmost kindness.

He then continued, “As people on earth are acquainted with the actual situation here in the spirit world, I would like you to report it factually to them so that when they come here, their souls may have definite knowledge of the place where they can remain with God.” In order to fulfill this request, I would like to submit as accurate a report as possible of the events taking place here to the people on earth.

I could not understand what was happening so many people would be gathered here. As soon as I entered the place, cameras began to flash all around. Although I had been a reporter on earth, I was not a cameraman and therefore had nothing to do with this. In one place, a person I did not recognize was given a camera with a flash, and the flashing lights made me feel dizzy. How should I report these things to people on earth? There were many people in this place, but it was very quiet. I did not dare to breathe too loudly. This place is a lecture factory where the Divine Principle is conveyed. It is a place where lectures are given on the Divine Principle and Unification Thought, which God had revealed to Reverend Sun Myung Moon, the founder of the Unification Church who is on earth. The atmosphere surrounding the lecturers and the audience was so electric that I had ever seen before. I was so affected by the atmosphere that it was difficult for me to cover the event. I did not feel I could walk around as I pleased.

The lecturers explained to me that the camera flashes had been my momentary spiritual experience, and the flashing light that I saw was a manifestation of God. I also listened to the Divine Principle lecture, but for the most part I paid little attention to the contents. The topics and contents of the Divine Principle lecture were unfamiliar to me. Perhaps because it has not been long since I left the earth, I find it amazing that such things as these are going on in the spirit world. It is incredibly mysterious. Oh! How can this be? Most people in the audience looked enraptured by the Divine Principle lecture. It appeared clear that some superhuman power was at work.

Outside the lecture room, a sea of people waited their turn to enter, and the atmosphere inside the room was solemn and sober. I am not yet ready to gather information on the pro-
found depth of the Divine Principle. As a reporter, I can only convey the atmosphere of this place to people on earth.

So I come here with a responsibility and a desire to convey the atmosphere of this place to those in the front row. It appeared to me that there was something in this place that humankind has never experienced before? some kind of secret of heaven. I cannot rid myself of the desire to step forward as my position as a journalist and study the Divine Principle.

(1992-2002. The well-known RTP and BBC Radio commentator was hailed as the world’s oldest journalist when he died the previous month in Portugal, a fortnight after celebrating his hundredth birthday. This well-liked reporter made a name for himself when broadcasting during World War II for the BBC, for which he was subsequently recruited as a war correspondent. He was a British Empire (OBE). He then went on to launch Portugal’s radio and television system, RTP.)

“It is my infinite honor to gather information about this place and report it to you.”

Special news bulletin to people on earth! This is the heavenly world. Because there is news here so incredible as to be beyond the imagination of the human mind. Let us put our heads together and find out about the Divine Principle, and live centering upon God? then all the concepts of the world after death and the existence of God will occur. Most people just live with the question, “I wonder if it exists?”

People on earth, I will definitely prove to you that the world after death exists. Recently, a special bridge was established, which is a message conveyed to the earthly world. This is generally not possible, but it has been made possible now by the special consideration of the Reverend Sun Myung Moon, who is on the earth. It is possible only for a special period for the purpose of telling people on earth about the existence of a unique and the world after death. The Reverend Sun Myung Moon has been manifested on the earth as the True Parent of the heavenly and earthly worlds for the purpose of bringing about a world of peace centered on God. I am now in a place where no one knows the leaders of various levels and communist leaders are receiving education in the Divine Principle by special invitation. There is a sea of people gathered here. Among the several unique features of this place is that order is very well maintained, despite the presence of thousands of people. It is so well maintained that it seems strange. Nothing on earth compares with this. Another unique feature is that everyone without exception, after receiving the Divine Principle education, comes to a realization about the original state of humanity behind and the fundamental direction of life and becomes a new person. A third is that there is a total absence of any barriers between religions and races.

Neither are there any conflicts among ideologies. The representatives of the four major religions - Jesus, Buddha, Confucius, and Mohammed, as well as St. Augustine, Socrates, and recently communist leaders including Marx, Engels, Lenin and Stalin are gathered here together. Here one can meet all the famous people who have appeared in the course of human history. People on earth, isn’t this incredible? They sometimes guide and give us encouragement. Some of them speak stories to people on earth.

3. Esau Jaramillo

(A well-known sports reporter in Columbia.)

“I must deplore not being able to interview the Four Great Saints about their impressions.”

When Esau Jaramillo was alive on earth, he never handed a scoop like this. Really this is the most shocking and shocking scoop in all human history. When will there be another opportunity to send a story from the heavenly world to the earthly world? People on earth, please listen carefully to this story. This is the heavenly world, where the so-called spirit lives eternally after human beings die. Here, I’ve met the Four Great Saints, Jesus, Buddha, Confucius, and Mohammed. The leaders of various religious groups come and go freely and live here. In particular, there is a Divine Principle lecture facility here, which is devoted to the God’s revelation, and the new truth for the twenty-first century revealed by the Reverend Sun Myung Moon.

According to the Divine Principle, Reverend Sun Myung Moon is the Messiah and Savior of humankind and the True Parent of Heaven and Earth. The founders of the four major religions attend Reverend Sun Myung Moon as their True Parent, and believe absolutely in the Divine Principle. This place qualifies to be called Heaven.

People here live as brothers and sisters. They always live harmoniously as members of one family, respecting and loving each other, and doing things for each other. They are kind and warm even to those who come here for the first time. This is a beautiful place, where the so-called spirit lives eternally after human beings die. Here, I’ve met the Four Great Saints, Jesus, Buddha, Confucius, and Mohammed. The leaders of various religious groups come and go freely and live here. In particular, there is a Divine Principle lecture facility here, which is devoted to the God’s revelation, and the new truth for the twenty-first century revealed by the Reverend Sun Myung Moon.

When that becomes clear, I will send another exclusive story to people on earth.

(Died on last New Year’s Eve at age 62. One of Australia’s leading journalists and journalism educators. Worked for almost fifteen years as chief of staff and press secretary for leaders of the Australian Federal Labor Party. Research professor at Canberra University. Appointed an Officer in the Order of Australia (AO) in 1993 for services to public policy public administration, journalism and education.)

“Can it be that the peace of humankind begins with the Divine Principle?”

The lecture facility with the strange sign saying “Divine Principle Study Facility” always has many people coming and going. It is a place where mysterious miracles take place every day. There are no noise or any kind of the ordinary, generosity and ordinariness shown by the participants here.

There is a new revolution in human character transpiring here. I, Clem Lloyd, had heard the common rumors when I set off to the lecture hall, I could not help but be surprised again by the solemn and quiet atmosphere of the lecture hall. Although many people are listening to the Divine Principle lecture, it is so quiet that one can hear a pin drop. The only sound is the voice of the lecturer that resonates in a harmonious union of excitement, heart and passion. It was like an orchestra in concert. In the lecture hall, my heart was struck by the placard carrying the theme God is the Parent of All Humankind.” Here and there, I was startled by how incredibly amazing I was feeling and when I tried to express it, I was being6. Awarded Freedom of Speech from December 1946 to March 1947, which greatly restored the confidence of the people. Chatterjee, then only 23, toured the villages barefoot with Gandhiji braving communal violence.)

"The new typoon of the Unification Movement is blowing here in this place.”

In this heavenly world, I, Sailen Chatterjee, have been able to do something that I wanted to do all my life. I came to the Divine Principle lecture facility. This place transcends the many barriers that one often experiences on earth. It is a place where the Divine Principle is taught so people can live freely and in peace. The Divine Principle can be seen as the teachings of one particular religion, but anyone who examines its contents in detail finds that it is a fundamental teaching about God, the universe, and human life. Of course, I, too, received the Divine Principle education here.

Representatives of the various religions, general leaders and intellectuals are gathered here. They are always discussing and press an intellectual curiosity that makes me want to study it further. Can it be that the peace of humankind begins with the Divine Principle? I leave that up to the judgement of readers on earth.

5. Donald Woods

(Died 2001 at age 67. Veteran South African newspaper editor and anti-apartheid activist. Africa). Returned to South Africa in August 1990 after 13 years in exile. Made a Commander of the British Empire (CBE) by Queen Elizabeth II in 2000 for his human rights activities. Right now in the heavenly world, I, Donald Woods am able to gather news on anything without anyone’s control or interference. Freedom of the press is completely protected in the heavenly world. I intend to report to the earthly world exactly what I see and feel concerning the situation here. Very shocking things are happening here.

People on earth! This is the heavenly world. I have received the special grace to convey a message from the place where the souls reside, that is, the world after death, to the earthly world. What is the Divine Principle? In short, it is the doctrine of the Unification Church, revealed by the Reverend Sun Myung Moon through a revelation from God. Actually, the Divine Principle sounds much better than it is: fundamental teaching. Nothing on earth compares with this. Another unique feature is that everyone on earth, I consider it an infinite honor to gather information about this place and report it to you.

People on earth, please listen carefully to this story. That is a complete mystery. People in the world adored him, so why is he working here in this way? I am most concerned about the reaction of Muslims on earth when they learn this fact. How can the realities of the earthly world and heavenly world be so different? It is only to be expected that earthly people will make comparisons between the two worlds. In fact, I, too, have often found myself directly, finding them hard to believe. I only report these facts. Mohammed is the very essence of gentleness, humility and kindness. In this place alone, there appear to be no differences between religions, races or philosophies. In this place, all have become one. Here, one can truly experience joy, happiness, peace, freedom, equality and righteousness for the first time. There are so many interesting stories for me here that I cannot bear to leave.

sharing their opinions with each other freely and peacefully. The most amazing fact here is that famous saints and sages from human history are bringing their wisdom to the Divine Principle. The Divine Principle appears to contain the necessary elements for manifesting humanity's peaceful world for all. All the people here, without exception, are free and peaceful. The Four Great Saints are walking the path of being examples of the Divine Principle. I am truly glad to complete on earth.

We are not able to have definite knowledge of the existence of God. We only live on the supposition, "He must exist." It is possible for us logically to deny God's existence, but it would probably be impossible for us to deny His existence in our actual daily lives. What can this God be? I, Igor Alexandrov, am no longer living on earth. I live in the world after death, which has always been the object of people's curiosity. Not having been here long, I am not yet accustomed to the phenomena here. I was given a special grace, allowing me to report from the heavenly world. Today, I would like to report briefly on my own views regarding the existence of God. The Divine Principle, under the overall theme "God is the Parent of Humankind," explains in amazing detail God's attributes, the relationship among them, the motivation for His creation of the universe, its method and purpose, and numerous other things. This content is truly original and the presentation is very logical. Things are described in terms not of probability but certainty. The Divine Principle explains that God exists as the unified body of the dual characteristics of internal nature and external form and the harmonized union of masculinity and femininity. I cannot begin to explain the shock and excitement that this proposition gives me. I believe it will bring about a paradigm shift for traditional theology in particular.

The Divine Principle is causing human consciousness to evolve to a new dimension. Thousands of people have gathered here to listen to the lectures, but they exhibit an exceedingly disciplined attitude toward their education. God is the Parent of humankind, and we are all brothers and sisters. This is the prerequisite for humankind to bring about a world of peace. I now am certain that this will be realized by the Divine Principle, which is the new truth of God's word to humankind. In 1995, I published a book entitled "Father and God: My Reactions to the Rejection of the Christian Faith." I am inspired by the greatness of the Divine Principle in its ability to unite the Four Great Saints as one.

There seems to be no accepted theory as to the world of the human soul. I, Charles Templeton, am now sending a message from the heavenly world, that is the world after death. It would give me utmost pleasure if this message were to help people on earth in improving their understanding of the world after death.

I am now in the Divine Principle lecture facility in the heavenly world and write. The Divine Principle move, the Unification Movement is blowing in this place. No one can predict what results this movement will bring to this place.

At one time or another, I have been asked if it is possible for people on earth to experience resulting peace and happiness, we wonder why we can but only move toward oneness. We always belonged to the same heavenly world, but it definitely exists. Today, I would particularly like to convey to Japanese people that there is something Japan has today seriously misunderstood and over which Japan is in serious error. I am now in the Divine Principle lecture facility. A great many people are changing here through the Divine Principle. This is a place where there is absolutely no religious or philosophical prejudice or racial discrimination. The heavenly world is creating the world of peace centering on this place. Japanese people here know the Divine Principle very well.

People here are aware that the Japanese media have for the past several years reported that the Divine Principle creates confusion in society. As I come to realize the true nature of the Divine Principle in the heavenly world, however, I must point out the bias and prejudice of the Japanese people.

Japanese people are mistaken about the Reverend Sun Myung Moon, who discovered the Divine Principle. He is living a life of total dedication to the purpose of leading all people to peace. If any government in the world, whether in Japan or elsewhere, should correct their perception of this teacher and be guided by him. We Japanese should live our lives with a heart of atoning for our oppression of the Korean people, which is historical fact. Only then will Japan's future be certain. The Reverend Sun Myung Moon loves Japan deeply.

He loves our country with the heart of a father. I sincerely hope that Japan will never repeat its historical error toward the Korean people. For Japan to have a bright future, we must receive the guidance of the Reverend Sun Myung Moon. All the young people of Japan must receive the Reverend Moon's philosophical guidance. I strongly feel and realized this here in the spirit world. I sincerely urge that Japan not repeat its providential historical errors, and advise that it receive guidance from the teacher whom God has sent. This is because you must practice the teachings of the Divine Principle and Unification Thought in your daily life on earth if you are to live well in the heavenly world. The world after death definitely exists.

I, Shigeo Saito, convey this message to the people of Japan. I am Shigeo Saito, 17 May 2002

"The Divine Principle will bring about a paradigm shift for traditional theology."

We are not able to have definite knowledge of the existence of God. We only live on the supposition, "He must exist." It is possible for us logically to deny God's existence, but it would probably be impossible for us to deny His existence in our actual daily lives. What can this God be? I, Igor Alexandrov, am no longer living on earth. I live in the world after death, which has always been the object of people's curiosity. Not having been here long, I am not yet accustomed to the phenomena here. I was given a special grace, allowing me to report from the heavenly world. Today, I would like to report briefly on my own views regarding the existence of God. The Divine Principle, under the overall theme "God is the Parent of Humankind," explains in amazing detail God's attributes, the relationship among them, the motivation for His creation of the universe, its method and purpose, and numerous other things. This content is truly original and the presentation is very logical. Things are described in terms not of probability but certainty. The Divine Principle explains that God exists as the unified body of the dual characteristics of internal nature and external form and the harmonized union of masculinity and femininity. I cannot begin to explain the shock and excitement that this proposition gives me. I believe it will bring about a paradigm shift for traditional theology in particular.

The Divine Principle is causing human consciousness to evolve to a new dimension. Thousands of people have gathered here to listen to the lectures, but they exhibit an exceedingly disciplined attitude toward their education. God is the Parent of humankind, and we are all brothers and sisters. This is the prerequisite for humankind to bring about a world of peace. I now am certain that this will be realized by the Divine Principle, which is the new truth of God's word to humankind. In 1995, I published a book entitled "Father and God: My Reactions to the Rejection of the Christian Faith." I am inspired by the greatness of the Divine Principle in its ability to unite the Four Great Saints as one.

There seems to be no accepted theory as to the world of the human soul. I, Charles Templeton, am now sending a message from the heavenly world, that is the world after death. It would give me utmost pleasure if this message were to help people on earth in improving their understanding of the world after death.

I am now in the Divine Principle lecture facility in the heavenly world and write. The Divine Principle move, the Unification Movement is blowing in this place. No one can predict what results this movement will bring to this place.

At one time or another, I have been asked if it is possible for people on earth to experience resulting peace and happiness, we wonder why we can but only move toward oneness. We always belonged to the same heavenly world, but it definitely exists. Today, I would particularly like to convey to Japanese people that there is something Japan has today seriously misunderstood and over which Japan is in serious error. I am now in the Divine Principle lecture facility. A great many people are changing here through the Divine Principle. This is a place where there is absolutely no religious or philosophical prejudice or racial discrimination. The heavenly world is creating the world of peace centering on this place. Japanese people here know the Divine Principle very well.

People here are aware that the Japanese media have for the past several years reported that the Divine Principle creates confusion in society. As I come to realize the true nature of the Divine Principle in the heavenly world, however, I must point out the bias and prejudice of the Japanese people.

Japanese people are mistaken about the Reverend Sun Myung Moon, who discovered the Divine Principle. He is living a life of total dedication to the purpose of leading all people to peace. If any government in the world, whether in Japan or elsewhere, should correct their perception of this teacher and be guided by him. We Japanese should live our lives with a heart of atoning for our oppression of the Korean people, which is historical fact. Only then will Japan's future be certain. The Reverend Sun Myung Moon loves Japan deeply.

He loves our country with the heart of a father. I sincerely hope that Japan will never repeat its historical error toward the Korean people. For Japan to have a bright future, we must receive the guidance of the Reverend Sun Myung Moon. All the young people of Japan must receive the Reverend Moon's philosophical guidance. I strongly feel and realized this here in the spirit world. I sincerely urge that Japan not repeat its providential historical errors, and advise that it receive guidance from the teacher whom God has sent. This is because you must practice the teachings of the Divine Principle and Unification Thought in your daily life on earth if you are to live well in the heavenly world. The world after death definitely exists.

I, Shigeo Saito, convey this message to the people of Japan. I am Shigeo Saito, 17 May 2002

8. Charles Templeton

(1915-2001. Died at age 85. Canada's legendary newspaper and magazine reporter, and CBC and CTV broadcaster and news director. Author of what the same said is this: "The Inauguration of Television Artistic Values and the B'nai Brith award in 1967. As a young man, he quickly rose to the top of Protestant evangelism together with his close friend Billy Graham in the 1940s, but later went on to become a prominent anti-evangelical. In 1995, he published a book entitled "Father and God: My Reactions to the Rejection of the Christian Faith.""

"Reverend Sun Myung Moon deeply loves Japan."

I, Shigeo Saito, convey this message to the people of Japan. There is an eternal heavenly world for humankind. When I, Charles Templeton, first heard of the Divine Principle, I was deceived about this heavenly world, but it definitely exists. Today, I would particularly like to convey to Japanese people that there is something Japan has today seriously misunderstood and over
2. John Adams  
(Second President of the United States, 1797-1801.)

I met a most precious person here in the world after death. That person is Mr. Sang Hun Lee, an invaluable person of noble character, who is worthy of great trust. When I first met this man, it was not through a motivation of faith. We were in a place filled with books, and each of us was looking for some books when we happened to bump into each other. This was the beginning of our relationship. He greeted me as we were arranging a large number of books. He said, “I am not in a hurry, you go ahead.” He said he would take his time in arranging the books. I felt attracted to this gentle and humble man. In the process of our discussing a number of different subjects, I came to hear the Divine Principle and Unification Thought. Mr. Lee told me that his life had changed through the teachings of Rev. Sun Myung Moon. He has lived according to the teachings of Rev. Sun Myung Moon. He has left his position as a medical doctor and lived absorbed in the words of Rev. Moon and the Divine Principle before coming here. When America was founded, God was truly with us. This is quite apparent in the nation’s founding spirit. Now, though, I begin to think that God may turn away from America. I hope that the people of America will quickly realize that they are committing a great error. As I learn the Divine Principle, Unification Thought, and is offering the most profound sincerity and dedication in the teachings of Rev. Sun Myung Moon here, my earnest hope is that America will return to the form of Eden, the Kingdom of Heaven on earth that God has desired to see. For this, it is necessary that the people of America follow the teachings of Rev. Sun Myung Moon. I earnestly hope that leaders in all aspects of American life will not wait to single a day in accepting the global philosophy of Rev. Sun Myung Moon, and that God will not leave America.

John Adams, June 9, 2002

3. Thomas Jefferson  
(Third President of the United States, Author of the Declaration of Independence, 1797-1801.)

A great saint, the Messiah, has been born in the calm country of Korea, so I shall speak from my heart with the desire that the bright light from the East shine on all people. The founding spirit of America is second to that of no other country in the world. I take pride in that. Yet in this place, the world after death, I am quite envious of the people of Korea, a calm and quiet country. Where is there any peace or happiness for the people of America, vexed by philosophical and racial struggle, and by numerous incidents of terror? The Messiah, the True Parent of humankind, brings the philosophy of peace for the sake of the world. See what happens when the leaders of America accept these teachings. See what happens when America no longer seeks after only her pride as the strongest country. The people of America are not satisfied here in the spirit world, and take an interest in this. Study the Divine Principle and Unification Thought of Rev. Sun Myung Moon carefully. I urge all persons who are responsible for the people of America and as one who has come here before you.

James Monroe, June 12, 2002

4. James Madison  
(Fourth President of the United States, Father of the U.S. Constitution, 1809-1817.)

“I earnestly hope America will not lose its status as an eternally powerful country.”

I waited a long time for an opportunity for Madison’s message to be conveyed to earth. I believe that since America’s founding, many countries have recognized its position and seek to rely on its high prestige and potential. Today, however, the people of America have almost forgotten America’s founding spirit. Was the Constitution established just to maintain a single country? The Constitution must be obeyed for as long as people have confidence in the Constitution. But when people lose their lives on earth, they must all come here, the spirit world, without exception, in accordance with the way of Heaven. So, even on earth, people must obey the way of Heaven. There is something that people must fulfill for the sake of their eternal lives in the spirit world. All the people of America must follow the teachings in the Divinity Principle and Unification Thought of Rev. Sun Myung Moon, who is the returning Lord in this age and the Messiah. I earnestly hope that the people of America will become active participants in and cooperate with the unification movement, which deals with both heaven and earth, and carefully study the Divine Principle and Unification Thought so that America will not lose its status as an eternally powerful country. This is my final conclusion as one who has studied Divine Principle and Unification Thought several times here.

James Madison, June 8, 2002

5. James Monroe  
(Fifth President of the United States 1817-1825.)

“Study the Divine Principle and Unification Thought diligently.”

While people are living on earth, fame, power, and wealth probably seem very important. Most people have lived as if their earthly lives would last forever, and continue to live so now. I, James Monroe, have experienced a time of indescribable inspiration here. I have learned through a new expression of truth called Divine Principle that God is the parent of all of us, and that the Rev. Sun Myung Moon has appeared on earth as the Messiah, who has appeared in many spiritual and material forms. I have also learned the importance of the teaching of the Messiah in the spirit world. It makes no difference whether one is the president of a country, a person of low birth, or a beggar. We are all God’s children. What use is fame or power in a relationship between a parent and his children, and how can there be rich and poor people among brothers and sisters? Most people of America live comfortably, so they cannot experience the poverty and hunger of other people, and they most likely have not thought about life in the spirit world. You must study about your life in the afterlife, and take an interest in this. Study the Divine Principle and Unification Thought of Rev. Sun Myung Moon carefully. I urge all persons who are responsible for the people of America and as one who has come here before you.

James Monroe, June 12, 2002

6. John Quincy Adams  
(Sixth President of the United States, Son of President John Adams, the second President, 1825-1829.)

“The American people must return to the founding spirit of America.”

As one of those who have been responsible for the people of America, I would like to impress upon them that life on earth is very brief. It is an overly common phenomenon for people, during their lives on earth, are not concerned with their lives in the next world. It seems that there are not many people who truly understand that people were created to live on earth for just a fleeting moment and then continue to live in eternal life. As the Messiah found a new way of life, that of eternal life, to live eternally. Compared to the eternal spirit world, life on earth is extremely short. During your lives on earth, you must thoroughly prepare yourselves to live eternally here in the spirit world. Fame, power and property must not be the goal of your lives on earth. Today, however, the Messiah will show you another way to live. You must carefully study about Rev. Sun Myung Moon, who is carrying out the Unification Movement on earth, and follow his teachings. If you study the Divine Principle carefully, you will come to a conclusion about how you must live your life. I make this request because I loved America as the nation who was responsible for that nation. Her people must return to the founding spirit of America.

John Quincy Adams, June 13, 2002

7. Andrew Jackson  
(Seventh President of the United States, 1829-1837.)

I am convinced that Rev. Sun Myung Moon is a prophet, the Messiah, the returning Lord, and True Parent of humankind.
sent by God. His teachings, the Divine Principle and Unification Thought, and his accomplishments are sufficient proof of this. His teachings are the only path for humankind to fol-
low in this age. Moreover, when I see how God has guided the history of the providence of restoration, I firmly believe that Rev. Moon is the Savior of all humankind who is leading the Completed Testament Era. I earnestly request that the people of America receive the thorough ideological guidance of Rev. Moon's truth and attend him. He is the true leader of all humankind. God is the True Parent of humankind, so all peo-
ple are brothers and sisters. This is a universal truth of this age that will begin based on true families. The people of America will be able to have a vision for their nation's future only when they follow his teachings.

I have come to realize with certainty that a life of wealth and fame on earth is of no use in any place or in any situa-
tion here. You must consider what you would do if you were to come here now, rather than in the distant future. If I had
taught people about the world where the soul lives while I was president, then I probably would have been treated as a pres-
ident here as well. Through the Divine Principle, I have come to realize the greatness of Rev. Sun Myung Moon. I am deeply moved. I have repented and cried tears like a waterfall. I have also
realized that I was an ignorant leader. I have bitterly repented for failing to awaken the American people to the real-
ity of our eternal life. Even belatedly, I would like to convey this information to them. On several occasions God has appeared here as jubilant rays of light or as a dazzling rain-
bow. In these mysterious and emotional experiences, all of us
were deeply moved by God and greeted him with applause. We repented of our past in tears and participated in the Divine Principle seminars.

"People on earth must receive the Messiah's direct guidance." I candidly accept that I failed to accomplish my respon-
sibility as the father of the nation when I was on earth. I also confess that I did not even comprehend my own existence on earth. Until now I have lived here in the spirit world experi-
encing numerous mental struggles and much agony over these responsibilities. How could I have lived in such ignorance as to not realize that God's eternal aspect resides within human beings, and that there exists another world that is vast
and eternal? God, who is our parent and who wants to live

together with us for eternity, has always existed and has con-
stantly given us his silent instructions and guidance. Words cannot express the how and why. I reproach myself for completely neglecting this fact. I came to know these things for a certainty through the Divine Principle.

I want to be sure to take this opportunity to tell the peo-
ple that there is one thing in this spirit world that every person must live forever exists for a certainty. Those who do not
prepare themselves on earth for life in this world are cer-
tain to face suffering and pain here. I hope that you will come here after having walked the correct path on earth. The quick-
est way to do so is to receive the instructions of the Messiah, who is on earth. The Messiah in this age is Rev. Sun Myung Moon. He was sent by God. Please never forget this point.

I, Franklin Pierce, who led America as president, still feel
love and heartfelt concern for this nation, even in the spirit
world. I hope that America will remember her past, when she
stood tall, and firmly maintain her position and pride as a cen-
tral nation of the world. All human beings, no matter who they are, will one day come to reside in the eternal spirit world. Therefore, you should spend your transitory earthly life think-
ing of what the spirit world must be like. In this regard, I have
confirmed here that God's fundamental thought, all his secrets and the origins of his creation of the universe are being revealed through the Divine Principle. I dis-
covered that it is the Divine Principle that recognized my posi-
tion as president. America's future development depends on
how you receive the Divine Principle. I clearly say to you from here in the spirit world that you must rely solely on the Divine Principle. I feel deeply that this is the wisest course, and I con-
vey this to you with urgency.

"With the Divine Principle, preserve America's position as a
great nation at the center of the world."
ize the truth of the Divine Principle brought by Rev. Moon. All of the world must live by a philosophy of peace, not force. America must thoroughly understand and believe Rev. Moon’s teaching, which explains that war, conflict, and friction must be resolved by means of a philosophy of peace, so that America’s position as a great nation at the center of the world may be preserved. You need to understand clearly the significance of America for the Divine Principle brought by Rev. Sun Myung Moon. This is the special message I wish to give you.

Franklin Pierce, December 6, 2002

15. James Buchanan
(Fifteenth President of the United States, 1857-1861.)

“If not for the teachings of Rev. Sun Myung Moon, humanity would have no vision for the future.”

After receiving the Divine Principle training, my heart is filled with such emotion that it is difficult to express in words. I feel unbounded gratitude and joy to have been born as a human being. The loneliness and grief that God experienced through the ages so pains my heart that I must clasp my chest. God has been in deep sorrow throughout the ages, but now the Divine Principle is bringing a bright future to humankind.

I am overjoyed that I have been able to experience this valuable message here.

What is the Divine Principle? I understand what it means, and although I had the position of a president I feel such joy that I want to dance. The details of the Divine Principle cannot be recorded on one page. In a word, it is “a gospel for the salvation of humankind.” Everyone must live with the Divine Principle at the center of his or her life. Not only Americans but also all the people of the world must become one through the Divine Principle and Unification Thought. The one who discovered the Divine Principle is Rev. Sun Myung Moon. He is the Messiah and Savior of humanity. If we unite for this great vision, we will be able to work together to establish a society of peace.

People of America! As this is an urgent request from one who was once president of the United States, please keep it in mind. God does not want America to resort to military force and fight wars. He desires that all humanity become one as brothers and sisters through a philosophy of peace. Rev. Sun Myung Moon holds an incredible key that will lead humanity into a world of peace. Please subscribe to this in your memories.

James Buchanan, December 9, 2002

16. Abraham Lincoln
(Sixteenth President of the United States, preserved the Union through victory in the Civil War, and issued the Proclamation of Emancipation, 1861-1865.)

“People of America, I wish for you to constantly go the way of obedience, aligned with the teachings of True Parents.”

Rev. Sun Myung Moon, Eternal Victory!
Returning Lord and Messiah, Eternal Victory!
True Parents of humanity, Eternal Victory!

I, Abraham Lincoln, have experienced incredibly wondrous and exciting moments, but I am saddened that there is no communication, or crossing back and forth, between the earthly and spiritual worlds. Without doubt, Rev. Sun Myung Moon is the True Parent of humanity. He shows us how to love one another and brings us together as one, with no discrimination among religious or races. He is accomplishing feats on so many levels that would be utterly impossible if it were not for True Parents’ teachings. People of America, do you think you can bring peace through war and military force? God has appeared before humankind as our parent. While I was listening to the Divine Principle, I was filled with a vision. In this vision, all the souls in this place, including black people, yellow people, and white people, and including Christians, Buddhists, Confucians, and Muslims, all came together and danced for joy. Then I saw a bright light, that is, the brilliant light of God, and in that instant, I, Abraham Lincoln, wanted to also jump in among them and begin to dance.

People of America, people of the world! Black people are children of God, as are white people. At some time, you will have to gather here in the spirit world and walk side by side and live together. I simply came here and experienced this fact before you.

I am making a request to the people of America because I love you with an earnest heart. Rev. Sun Myung Moon has appeared as the Messiah and the True Parent of humankind.

I hope that you will attend the Messiah and constantly walk the path of obedience based on True Parents’ teachings. War and military force will only serve to create another human hell. Is it not time for the entire world to declare an end to this vicious circle? A philosophy of peace for humankind comes from the Messiah. The life that you now live in the earthly world is only a fleeting and incomplete life. If you are to live in the eternal world with eternal happiness, you must above all else awakened to the truth of the Divine Principle and Unification Thought.

Abraham Lincoln, December 9, 2002

17. Andrew Johnson
(Seventeenth President of the United States, succeeded to the presidency after the assassination of President Lincoln, 1865-1869.)

“My America’s greatness be remembered forever.”

I, Andrew Johnson, have determined that I will offer all of my life to the new truth of the Divine Principle. As a former president of America, I now make an urgent call to its people.

The youth of America today have lost a sense of direction in their lives. This does not apply to all young people, but a large majority of them have fallen into a pleasure-seeking lifestyle and have a revolution of consciousness. This cannot be solely to blame for the errors in their thinking. They are lost because there is no fundamental alternative today that is capable of leading them.

I request that all young people in America receive the guidance of the Divine Principle and Rev. Moon’s philosophy. Young people in America today have fallen into a very dangerous philosophical stream. Only Rev. Moon’s teachings are capable of guiding us all to God’s fundamental principle. It is a philosophy that gives us a relationship between God and humankind. The only fundamental solution capable of bringing salvation to humankind is Rev. Moon’s Divine Principle and philosophy of peace.

I make a solemn request that all young people in America receive the guidance of the Divine Principle and Rev. Moon’s philosophy. Young people in America today have fallen into a very dangerous philosophical stream. Only Rev. Moon’s teachings are capable of guiding us all to God’s fundamental principle. It is a philosophy that gives us a relationship between God and humankind. The only fundamental solution capable of bringing salvation to humankind is Rev. Moon’s Divine Principle and philosophy of peace.

Andrew Johnson, December 12 and 26, 2002

18. Ulysses Simpson Grant
(Eighteenth President of the United States, Commander of the Union forces during the final period of the Civil War, 1869-1877.)

“If humanity wants an end to war, it must accept Rev. Sun Myung Moon’s truth.”

Tens of thousands of years have passed from the time that God created humankind, but until now we have lived without knowing the fact that God and humankind are in a relationship of parent and child. This must be the greatest tragedy in the history of humankind.

Through the Divine Principle training session here, I have for the first time come to a definite realization that it was an improper beginning to human history that has brought about endless conflict and war between peoples and nations, making it impossible to bring peace.

It is time for the earth to declare an end to war. You must understand the details of the creation, the fall, restoration, and other matters in a concrete manner. I think that Rev. Sun Myung Moon’s Divine Principle is capable of bringing about a revolution within humankind, a revolution that will change the character, and lifestyle of all people.

There has been endless division, strife and war in human history. Innocent people have constantly suffered and been killed in such wars. Hell in the spirit world has come to be overflowing with people. Wars are the greatest cause of human unhappiness.

How can this problem be solved? Only Unification Thought, Rev. Sun Myung Moon’s philosophy of peace, can bring a fundamental solution to this problem. Rev. Moon holds the key. Who is Rev. Sun Myung Moon? He is the Messiah, the True Parent of humankind. In religion, particularly in Christianity, this is called the Lord of the Second Advent. I, Ulysses Grant, am convinced that this is true.

I wish to receive the guidance of the Divine Principle if they want their country to remain great eternally.

Ulysses Grant, December 14, 2002

19. Rutherford Birchard Hayes
(Nineteenth President of the United States, 1877-1881.)

“I wish the Americans to become a people with a character capable of encompassing the world.”

I, Rutherford Hayes, enjoyed tremendous power and honor while I held the office of the presidency during my life on earth. I lived as though that power and honor were eternal, and I carried out the work of the president in a manner that was the best for the fact that I was once president. At first, I felt a tremendous sense of despondence and unfairness that I could hardly endure. Through many long years, I shouted out in an effort to establish my position and to call attention to myself, but it was fruitless.

Eventually, I was given a very inspiring opportunity, and through this I was able to realize many things about myself. I want to convey these things to people on earth.

I came to realize that human beings live in two worlds—that is, the visible physical world and the invisible spiritual world. I particularly realized many things concerning life in the spirit world. The high-level content of the Principle of Creation, the existence of God’s salvation, restoration, and salvation through the Messiah were so mysterious.

What is this? It is a truth revealed by Rev. Sun Myung Moon. This truth could well be characterized as a true textbook of life. Through it I came to feel deeply the importance of the earthly life, and I also grasped many things about life in the spirit world. I realized that if people live incorrectly on earth, then they will not be able to avoid a path of suffering in the spirit world. I realized that if people commit errors on earth, then they will be led to eternal suffering in the spirit world, which is a place where there is no relationship with God.

People of the earth! People of America! I cannot record here everything that I have experienced. I can only say that the Divine Principle is a great truth that is remarkable and incredible that Rev. Sun Myung Moon holds all the keys to human salvation and peace. So I want to clearly convey that you need to study the Divine Principle deeply and come to the same conviction. While you are on earth, you must prepare well for your eternal life in the spirit world. And you must abandon your self-concept that America is the world’s only great nation. I wish that the American people would become a people with the character capable of encompassing the world.

Rutherford Hayes, December 15, 2002

20. James Abram Garfield
(Twentieth President of the United States, 1881.)

“The Divine Principle is the fundamental truth that explains the mysteries of the universe and of life.”

I have been one who believes that God is the creator and master of all that is in heaven and earth and is able to control all matters of nations, peoples, and the world with his divine authority. However, when I discovered that he is also our parent it gave me such surprise and awe that I do not know what to do. I feel a great sense of shame and injustice that when I was myself a young student I could not teach his many people about God correctly. I feel such pain over this.

Rev. Sun Myung Moon appears to have experienced some profound circumstances in the process of discovering the incredible secret of heaven that God is the parent of humankind.

After realizing that God is the parent of humankind, I was
“Establishing God's kingdom is the ultimate goal of humanity.”

“It is really heartrending to know the fact that human beings, who are the lords of all creation, have existed during the course of history without clear understanding, and have not been able to reach the level of the other things of creation. And it pains me even more to realize that the presidents have come almost nowhere in their missions, as he tried to restore humankind through indemnity by sending the central figures of the providence. The axiom “God is the parent of humankind” caused me to feel truly ashamed of myself. Now I have come to know with certainty God’s will, God's course of action, the reality, the present situation and the purpose and direction of history. For humankind, there can be no other objective in relation to a people or a nation, or other things to choose, except the establishment of God's kingdom. Establishing God's nation is the ultimate goal of humankind. To establish God’s nation, the first thing would be for us here in the spirit world to concentrate on leading the many people here to the right path, and the people on earth should align themselves with Rev. Sun Myung Moon, the representative of God and the True Parent, and participate actively in the movement to realize global peace. I hope, in particular, that the American people will take a leading role in teaching those on earth who still do not know the Divine Principle and God's will.

We must realize deep in our hearts and feel keenly through the Divine Principle and Rev. Moon’s teachings that the kind of lives that we have led have been entirely improper and have been remembered forever in history. I feel very frustrated that it was not possible for me to do so because I lived at a different time. At present, I would like to pass on to the American people Rev. Sun Myung Moon’s teachings and doctrine from here in the spirit world. I have many regrets about not having been born at the right time and in the right environment to enjoy the privileges of the Divine Principle on earth, the guidelines for your everyday lives. You must realize deep down that it is the only way for people to live. As the president of a nation, as a leader, as a person who came to the spirit world before you, and as a pioneer in life, I earnestly ask those of you on earth, and the American people in particular, to follow this path.

Benjamin Harrison, July 9, 2003

23. Benjamin Harrison

(Second-thirty President of the United States, 1879-1881)

“How the Divine Principle and the Unification Thought should be the guidelines of your everyday lives.”

“If I had led my beloved people of America with the great truth of the Messiah while I served as president, I would have been remembered forever in history. I feel very frustrated that it was not possible for me to do so because I lived at a different time. At present, I would like to pass on to the American people Rev. Sun Myung Moon’s teachings and doctrine from here in the spirit world. I have many regrets about not having been born at the right time and in the right environment to enjoy the privileges of the Divine Principle on earth, the guidelines for your everyday lives. You must realize deep down that it is the only way for people to live. As the president of a nation, as a leader, as a person who came to the spirit world before you, and as a pioneer in life, I earnestly ask those of you on earth, and the American people in particular, to follow this path.

Benjamin Harrison, July 9, 2003

24. William McKinley

(Twenty-fifth President of the United States, 1897-1901)

“We should serve Rev. Sun Myung Moon as the representative of God on earth.”

“I lived on earth thinking that once I was done with my life on earth, shedding my physical body after death, nothing would remain or exist any more, but now that I am here in the spirit world, I am very ashamed of the old-fashioned way of thinking I had in the past. In particular, I am so sorry and ashamed of myself as the president of a nation, who is supposed to teach and guide his people.

How can I fully express in a few words new truths about God and the universe and humankind, such as the relation between God and man, the value of life, the providence of the restoration of human beings and history, which started off by going in the wrong direction? I implore the people of America as their 25th president, H. H., the people of America, to serve the True Parent, the Second Advent, Rev. Moon, and study in great detail the Divine Principle and Unification Thought, which express the basic principles of life. True Parents’ teachings are the most precious, the greatest truth in all of history. The American people clearly see that the True Parents put into practice and exercise True Parents’ teachings of true love on earth before they came to the spirit world. You must learn from the true teacher as if your lives were at stake. Only if you do so will you be free of regret once you are here in the spirit world.

On earth you should serve Rev. Sun Myung Moon as the representative of God. This is what I ask of you from the bottom of my heart, as a person who has come here before you, on my honor as the president of a nation.

William McKinley, July 12, 2003

25. Theodore Roosevelt

(Twenty-sixth President of the United States, 1901-1909)

“Only when you realize the truth about God’s work can you know the significance of peace for humanity.”

“I was very envious of the other former American presidents who reported before me, and I am very grateful and joyful to have an opportunity to also pass on my message to earth. On earth, I became the youngest president in American history, and I made some provocative statements to the others. When I listened to lectures on Rev. Moon’s Divine Principle and Unification Thought, I was so moved that I felt an ever-growing urge to be resurrected on earth every day.

That is because American leaders of today look down on moral values, waste material resources of various kinds on unreasonable projects, provide a declining level of education, and do not thoroughly understand the providence of the earth, which is the foundation of all life. From the viewpoint of Unification Thought, the spirit world is the place to which all people must come in the end, but most people do not seem to realize this. I am speaking to all of you living on earth, but in particular, I would like to pass on a new message to the American people. Being a citizen of the greatest economic power in the world, we have a responsibility to the people of the entire world. Preparations for life in the spirit world, where the inner person must reside forever, must be completed on earth. Therefore, you must reflect on your lives on earth every day, and put them in order.

I cannot help but reproach myself for not being able to pass on to you how I feel clearly. You must make the Divine Principle and Unification Thought, which have come through the True Parent, Rev. Moon, into your heart. You must make the Divine Principle and Unification Thought your life, your course of action, the main point of your message. This is the main point of my message that I want to convey to you from my heart.

Theodore Roosevelt, July 14, 2003

26. William Howard Taft

(Twenty-seventh President of the United States, 1909-1913.)

“The Unification Principle is the new truth that can revolutionize the consciousness of today’s youth.”

“People on earth, regardless of who they are, would like to leave their view of life and of the world for posterity. I was not free from this kind of desire while living on earth, but as I left my body, entered the eternal spirit world and directly experienced the unanswerable truths of the second advent, I am unable to express in words the things I have written. There are no words that could explain how bewildered and puzzled I felt in my heart. People on earth can never imagine how things are in the spirit world.

I believe that every child of God should know is that the spirit world exists as vividly as the physical world does. My authority and honor as the president of a nation didn’t carry any significant meaning here. How can the people on earth understand with their limited way of thinking that we can send out messages from the spirit world to the physical world? I was quite shocked to learn the fact that God is the parent of all mankind. I believe it is indeed a shocking issue for the entire human race of this age. Rev. Sun Myung Moon is the one who truly dedicate themselves to the entire world. Amazing and shocking facts don’t just stop here.

There are books on Divine Principle and Unification Thought. Though there are billions of books on earth, can any government, organization, or economic ideology compare with the spirituality that we have? When the American people follow his teachings can America remain as a great nation of prosperity and peace in front of the world. And only when you properly realize, in this time, the truth about who God is can you know the significance of peace for humanity. I hope that everyone will consider this Rev. Sun Myung Moon’s teachings. I am really grateful to Rev. Moon. Even if he is not the Messiah or the Savior in religious terms, when we consider his doctrine, it is more than enough for us to acknowledge him as the leader of the world.

People of the United States! I implore you to serve the true teacher of humanity and to accept his theology so that you can remain forever as the people of the greatest nation in the world. It is for this reason that I have had this opportunity to express the views and beliefs regarding the establishment of an eternal world of peace. When I see his projects for realizing a world of peace, I cannot hold my head up, because as someone who received this religion, I am recordings. Only when the American people follow his teachings can America remain as a great nation of prosperity and peace in front of the world. And only when you properly realize, in this time, the truth about who God is can you know the significance of peace for humanity. This is the main point of my message that I want to convey to you from my heart.”

Theodore Roosevelt, July 14, 2003

In particular, I would like to pass on a new message to the American people...
27. Thomas Woodrow Wilson (Twenty-eighth President of the United States, 1913-1921.)

“Rev. Sun Myung Moon is the light of the human race and his teaching is the good news for us all.”

Most people want to live healthier and longer on earth. However, when I came here to the spirit world, my earthly life felt just like a passing shower in the middle of a summer day. Although this brilliant and radiant life in the spirit world was waiting for me, during my earthly life on earth I thought that the way to peace on earth was everything there was. I truly regret that my life on earth was false and in vain. Yet I came to understand that the physical life bore fruit in this eternal spirit world. I also came to understand that my position in the physical world as president of the United States was not anything to do with that kind of fruit I needed to bear in this world.

I deeply respect Rev. Sun Myung Moon. How could I respect someone whom I never met during my life on earth? Right here, I discovered his amazing truth. He had to go through enormous suffering to find the truth. Even now, in his old age, he works very hard to realize a world of peace. I don’t think we can find a greater person than him in all of history. He is an absolutely unique individual in relation to bringing peace on earth.

The Divine Principle testifies that Rev. Moon is the Lord of the Second Advent, Messiah, Savior and True Parent. I feel sorry that I cannot find still nobler names to call him. He is the only one who can bring about harmony and unity in the world for all people. People on earth may not feel that God is actually the parent of the entire human race, but the time will come soon when people experience the truth in concrete ways. The Divine Principle is something everybody must read. I highly recommend that not only Americans, but all the people of the world read this.

Thomas Woodrow Wilson, July 19, 2003

28. Warren Gamaliel Harding (Twenty-ninth President of the United States, 1921-1923.)

“If we practice the teaching of the Divine Principle, the whole human race can be united as one.”

It was God’s sorrow as well as a tragedy for the human race that the beginning of human history turned out badly and that God couldn’t maintain his position as the parent of humanity. Reflecting on history, no one can deny that it has been full of misery due to such things as war, sickness and starvation.

I have come to understand Rev. Sun Myung Moon’s idea of peace by participating in a Divine Principle seminar. After coming to see how the individual and the world fell into the path of its teachings, it is indeed good news for us all. People on earth may not feel that God is actually the parent of the entire human race, but the time will come soon when people experience the truth in concrete ways. The Divine Principle is something everybody must read. I highly recommend that not only Americans, but all the people of the world read this.

29. John Calvin Coolidge (Thirtieth President of the United States, 1923-1929.)

“God moves our original mind and is the embodiment of truth, beauty and goodness.”

Many former U.S. presidents participated in a Divine Principle seminar and gave their impressions. I came to learn about various new truths. I would like to mention one of them. America must realize that the entire human race is at a crossroads where it must make a decision and set off in a new direction. America is universally recognized as the most powerful nation on earth, but I see that America lacks the generosity and compassion to spiritually and materially give to other nations. The powerful can have true power only when they take care of the weaker. Because all people are brothers and sisters with a common master, God, we should understand and help one another. That’s God’s long-standing wish. Even if we leave God out of the discussion, it is certain that man’s original mind wants to live for the sake of others. Only then can people experience true joy and peace. Where does the activity of the original mind begin

In the spirit world, I came to know many things by participating in the Divine Principle seminar. Most impressive was the teaching about the relationship between God and humankind. I discovered that the Divine Principle reveals the fundamental solution to the problems of the third world are dying of starvation. In the Divine Principle, the whole human race has not been able to become one, and only a few of them can understand the spirit world.

Rev. Sun Myung Moon is the one who revealed this new truth. If America wants to keep its position as the most powerful nation on earth, she must accept this new truth and be willing to be guided by Rev. Moon.

John Coolidge, July 24, 2003

30. Herbert Clark Hoover (Thirty-first President of the United States, 1929-1933.)

“When there is harmonious interaction in every aspect of human society, all suffering and misery will disappear.”

I am intimately grateful to those who convinced me to participate in the Divine Principle seminar. The Divine Principle applies universally, not only in the physical world but also in the spirit world, without any exception. Even so, we almost never realized that fact while living on earth. I can say that this is a viewpoint the many presidents participating in this seminar shared. What I was deeply impressed with was the Divine Principle topic on dual characteristics and relationships.

I am aware of complex problems in various aspects of human life with respect to the individual, family, nation and world come about because there is no harmonious interaction between different parties. If interaction is smooth on the various levels of life, then the entire human race can be united. There will be no struggle, conflict or trouble in the life of an individual, or in a family or society. Furthermore, there will be no conflict or war between nations. That’s the original way of life. When we understand the Divine Principle, all of this becomes true and harmonious. However, individually, we all struggle. The origin of God’s original mind and the self-centered mind struggle against each other. The mind and body struggle against each other as well. Therefore, when the mind and body become one centering on the God-centered mind, there is no longer any dispute or conflict between them. Furthermore, interaction has been cut off, distorted and abandoned in the most fundamental relationship in the cosmos—the relationship between God and man.

If I have clearly understood the fundamental truth that all things in the physical world and the spirit world exist in pairs (e.g. male and female). There is nothing in the world that doesn’t exist in partnership with something of an opposite nature. God exists as a unified being of dual characteristics: wisdom and power. Man is a combination of the clear logic the purpose of life, the fall of man and the course of the resurrection of humankind. The Divine Principle is the new truth of this age. The Divine Principle, which was discovered by Rev. Sun Myung Moon, is a unique guide to realizing world peace. The Divine Principle reveals that Rev. Moon is, according to the Christian expression, the Savior, the Messiah, the Lord of the Second Advent—and the True Parent of all humanity. I am incapable of describing all of Rev. Moon’s achievements and ideas related to world peace, but I certainly have faith in him.

31. Franklin Delano Roosevelt (Thirty-second President of the United States; Served four terms as president; Promoted the New Deal Policy in an attempt to solve the Great Depression of the 1930s, 1933-1945.)

Franklin Delano Roosevelt’s Prayer

Heavenly Father, I think I am too bold to call you Father. Dear Father, you are so miserable! You are a God of great grief and bitter pain. What can I say to bring you words of comfort, Father? I am Roosevelt. At one time, as the president of the United States, I invested all my energy for the welfare and prosperity of the American people, but I didn’t guide them in any way to help them prepare for life in the eternal spiritual world. It is this point that has caused my heart to feel untold suffering. Heavenly Father, please forgive me.

Please guide the American people today to the right path. Most of them are caught up with excessive self-praise and egotism just because they are citizens of the strongest power on earth. They are unable to display tolerance and understanding toward the third world countries, they take their own future lightly, their own view of God is deviating from the true path.

Heavenly Father, please shake and wake up America. I pray earnestly for our American people. Heavenly Father, I beg for forgiveness that I was unable to teach them that you are the parent of all humankind. Heavenly Father, I will invest all my energy and prayers here in the spirit world until the day when all the American people become God’s true children.

The truth of the Divine Principle is moving my heart deeply, and is making me repent about everything in my past life. It is the first time in my life that I have had such deep feelings. I realized so many things through the Divine Principle, and the only thing that I can do at this time is lament loudly with tears of repentance.

Heavenly Father, please protect and preserve the throne of the True Parents, Rev. Sun Myung Moon who worked so hard to find and reveal this new truth. Father, I know that this path is difficult, and there are no guarantees, but unlike myself, you will not be able to endure. I want to offer this prayer to you, dear God. Please accept it.

God’s child, Franklin Roosevelt, July 26, 2003

32. Harry Truman (Thirty-third President of the United States, 1945-1953.)

“God is my parent, I am God’s child.” This is my favorite motto.

As one in a line of successive American presidents, I want to declare from the spirit world a shocking truth before not only the American people, but also the whole of humankind, that there is no path of humanism, but I didn’t guide them in any way to help the amazing fact that “God is the parent of humankind.” Until today, all humankind has not been able to become one, and people are still suffering from war, disease and poverty. The advantage that humanism has too many resources, while the people of the third world are dying of starvation. In the Divine Principle, I discovered the fundamental solution to the problems of war, disease, and poverty, the disparity between the rich and poor, and the problem of human rights.

Why did the suffering and unhappiness of humankind begin? It was because the start of human history was wrong, because their master and center changed. The fact that human history is a false history might sound strange to those who are not interested in the view of Christian history according to God’s providence.

What sort of existence is God in relation to humankind? God was the parent of humankind from the very beginning. But after God created Adam and Eve, it was the Archangel Lucifer who took care of them. However, the archangel Lucifer tempted them and established an immoral relationship of love

PAGE 15

Remarkable Messages from the Spiritual Realm
with Eve while she was in the period of growth. He acted as though he were their master and parent and he came to control them. Unfortunately, our human history is the history of the immoral, sinful blood lineage. This sinful blood lineage has been passed down from generation to generation throughout human history. And the result of this was that human society became an unprincipled society that God never wanted. From the very beginning, humankind lost the ideal world of God’s creation which was to center on God’s love. People lost their own humanity. The archangel Lucifer disguised himself as God, and has been controlling human history today. Accordingly, human society is full of all kinds of sin and evil, and things reached such a state that materialistic communism even declared that there was no God. The original world of peace and love that God had intended has become a world in which sin and evil are rampant. It is an unprincipled world with unceasing poverty, disease, conflict, struggle and war. This is the reality of the world today.

Today, humankind must clear up this unfortunate history and live together as brothers and sisters, accepting God as their parent. When this happens, then for the first time humankind will be able to be free from disease, struggle, war and so on. This is the kind of world that God had planned at the beginning of creation.

It took a long time for me to realize this fact. I cannot emphasize enough the truth and greatness of Rev. Moon’s Divine Principle. The Divine Principle contains God’s ideal of creation and the blueprint for a world of peace. In short, the Divine Principle is the true way of humankind and contains the guidebook for a true life. The more you research the Divine Principle, the more you come to feel new life and new inspiration. Today, the final goal of humankind is to reveal day by day more about Satan’s evil and to completely clear up the inheritance of sin and evil. When this is done, then for the first time a world of peace will be built centered on God’s true love. And an ideal world of the Garden of Eden where all people live as brothers and sisters will be able to be realized.

People of the world! Brothers and sisters! Let us, centering on our True Parents, take part in the Unification Movement, spreading it to the whole cosmos. Let all humankind attend Rev. Sun Myung Moon as our True Parent and let us understand the direction and goal that the world must take today. I want to let the UN know the following:

1. God is the parent of humankind and truly does exist.
2. After people finish their life on earth, their soul continues on to live in the eternal world, namely the incorporeal spiritual world, which will be a reality.
3. Rev. Sun Myung Moon is the Messiah, the Savior and the True Parent of humankind.
4. All of humankind and the UN have to understand the ideology and works of Rev. Sun Myung Moon and they have to be determined to lay down their lives for this purpose.
5. The realization of an eternal world of peace is only possible when we put into practice the ideology of the True Parents and practice love on the supra-religious, supra-national, and supra-racial levels. A world of peace cannot be realized through wars or through force.
6. The whole of creation, including humankind, exists in reciprocal relationships, namely, both internal nature and external form, and plus and minus (male and female).
7. The beginning of human history went wrong and this has to be restored according to the providence of restoration.
8. We have to clearly know the true identity of Satan (Lucifer) who left a huge stain on the beginning of human history.
9. The gap between the rich and poor is becoming more serious on the earth. The cause of ignorance, sickness, poverty and war has to be completely eradicated.

The Divine Principle and Unification Thought are the unique textbooks that can free humankind from suffering and unhappiness.

I sincerely hope that those of you at the UN keep these ten points in mind and in your own countries fulfill your responsibility in this age to lead humankind into a new future. Members of the United Nations, don’t ask what the United Nations can do for you, ask what you can do for the realization of world peace (the original foundation and the meaning of the UN). I feel sorry to God that during my short term as president the UN did not fulfill its responsibility and, with a heart asking for forgiveness, I send this message.

33. Dwight David Eisenhower
(Thirty-fourth President of the United States, 1953-1961.)

A Letter to True Parents

Most respected True Parents, I am Eisenhower. True Parents, you love humankind so much! I realized many things after I learned that even in your aging body you endure all kinds of suffering and adversity for the peace of humankind. In this place here, centering on Sang Hun Lee, all the American presidents have determined in their minds to guard and protect America today.

Life on earth appears like that of the satanic city of Sodom. I have understood the direction and goal that the world must take today. Today, the United Nations and America are confronted with the situation where they absolutely need the ideology of the True Parents. Let the American people take part in the movement to realize world peace and lead all humankind so that the spirit world can be restored according to the providence of God. Every time God sees his true son fighting alone, his distressed face is covered by dark clouds of worry. I really feel such sorrow. Now, even if it is in this place, the presidents of the United States are resolved, centering on the ideology of the True Parents, to actively take part in the movement for the settlement of world peace. If you look at our solemn and resolved faces you will receive comfort. Please forgive me for daring to write this letter to you.

34. John Fitzgerald Kennedy
(Thirty-fifth President of the United States, 1961-1963.)

A Message to the United Nations

Those of you at the United Nations, I am John Kennedy! I want to declare an extremely important thing to you today. The fact that Kennedy is sending a message from the spiritual world to the United Nations is something that cannot be imagined in your world, and it is very significant news. Through attending lectures of the new truth, Divine Principle and Unification Thought here in the spirit world, I have understood the direction and goal that the world must take today. I want to let the UN know the following:

1. God is the parent of humankind and truly does exist.
2. After people finish their life on earth, their soul continues on to live in the eternal world, namely the incorporeal spiritual world, which will be a reality.

35. Lyndon Baines Johnson
(Thirty-sixth President of the United States, 1963-1969.)

Who is God?
Each person among us has the desire to seek out goodness. Whether or not people believe in God, when they face difficulties, even though they may not recognize it by themselves, they are looking for someone who can help them. What is that? I think the being that is the origin of that desire to seek and find—a desire that is settled deep within the original mind—is none other than God.

People of America! I have directly experienced God in the spirit world. One day, a brilliant light of unknown source surrounded me and I was whisked off to a very miserable place. In that place I could hear strange groaning noises and screams. And I myself involuntarily shouted out, “Help me, save me!” At that time, the light began to swirl around my chest and a voice said, “Save America! Save humankind! Proclaim the existence of God! I am Jehovah, Lord of hosts * I am Jehovah, Lord of hosts * I am asking you to save America, and thus to save the world.” In that one moment, I was both enraptured and fearful. I felt that this place was hell, and the miserable people there were experiencing the manifestation of the fruits of their earthly lives.

My fellow Americans! What kind of being do you think God is? He is the creator of heaven and earth, and of humankind. Rev. Moon’s Divine Principle clarifies that God is the parent of humankind. This discovery is a remarkable one. God definitely exists, and most appears to people in the form of light. If you receive the Divine Principle and the guidance of Rev. Sun Myung Moon, you will work this out in detail. Please put your brief earthly lives in order and prepare yourselves properly so that you can settle in a place full of light in the eternal spirit world. This is my desperate plea.
